Jordan Shakeup Is Seen Brewing Mideast Trouble

Angry Canadian Protest Studied

WASHINGTON (AP) — Administration officials said today it may be difficult to withhold from congressional committees security information given to this country by Canada.

A Canadian demand for such a pledge was presented to Undersecretary of State Christian Herter Wednesday by Ambassador A. D. P. Heeney.

Under the terms proposed by Canada, information given the United States in future on such matters as Communist subversion could be passed on to committees of Congress only when the Canadian government specifically agreed.

The Canadian move stems from Canada's anger over the suicide death of its ambassador in Cairo, E. H. Norman, last week. Norman had been accused before the Senate Internal Security Subcommittee of having once been a Communist. The subcommittee made public the testimony on this point.

No information obtained from Canada was involved in the Norman case, but Canada criticized the action and said she must protect her citizens.

* * *

IN OTTAWA Wednesday Lester B. Pearson, minister for external affairs, told Parliament that the Canadian government was taking steps to deal with the situation involved in the events which preceded Norman's death.

Pearson said intervention by an agency of a foreign government in Canadian affairs to harass a Canadian citizen was "intolerable and should not take place."

Pearson said Canada is perfectly capable of looking after its own security affairs.

"If we fail in the discharge of our security responsibilities as a government, we are answerable to our own people, and not a subcommittee of any foreign legislature," he declared.

About the same time, Heeney presented the new demand to Herter and received an answer to an earlier Canadian protest against the subcommittee.

The March 18 protest called the charges against Norman "irresponsible allegations." It emphasized that Canada had given Norman "a clean bill of health" in 1951 after careful investigation.

The American answer to the March protest expressed regret at Norman's death but said that the executive branch of the U.S. government had no responsibility for the subcommittee's behavior. President Eisenhower had made a similar comment at his news conference earlier in the day, expressing hope "that the thing can now be dropped" and good relations restored.

State Department authorities declared that the new Canadian demand would be given the most serious consideration. It appeared evident that they, at least, hoped that some kind of an agreement satisfactory to the Canadian government could be worked out.

Syrians Fear Israel May Attack Nation

King Hussein's Firing Of Leftist Premier Brings 'Deep Concern'

By THE ASSOCIATED PRESS

Syrian politicians expressed "deep concern" today over the situation in the little Middle East nation of Jordan.

These quarters voiced fears that Israel might attack Jordan if a conflict developed between King Hussein and the people over Premier Nabulsi's dismissal. But the Syrians said their army "is on the alert to face any Israeli aggressive move against Jordan."

Western observers in London considered it likely that Syria would try to seize part of Jordan if serious trouble developed between Hussein and mobs supporting Nabulsi.

Telephone communications between Syria and Jordan were disrupted today. Reliable sources said Jordan authorities broke the connection.

King Hussein's ouster of Nabulsi was reported to be the result of a bitter quarrel over whether the Arab nation should be exposed to Soviet or American influence.

* * *

DIPLOMATS in Washington believed the stand that Jordan's 24,000-man army takes in the next few days may determine whether Hussein can stop his country's drift toward the Soviet-aligned policy of Egypt and Syria. It was assumed Hussein would not have acted against the popular premier unless he had assurance of military support.

In a land where pistol-shot politics often dominate, Nabulsi is master of the mobs that have turned out previous governments.

Reports reaching Beirut, Lebanon, said all roads leading into Amman, the Jordan capital, have been blocked for two days by military vehicles, apparently in an attempt to keep troublemakers from entering the city.

In a move to strengthen his hand, Hussein promoted his chief military aide, Brig. Mohammed Maatya, to major general and made him director general of public security. Maatya, former Jordan military attache in Damascus, replaces Maj. Gen. Bah-

Income Tax Slash Possibility Grows

WASHINGTON (AP)—Income tax reduction at this session of Congress became an increasing possibility today.

Speaker Rayburn of Texas, leader of the controlling Democratic majority in the House, said prospects are "good" for a tax cut effective next Jan. 1.

He commented after a policy meeting Wednesday with Democratic members of the tax-writing House Ways and Means Committee.

Rayburn's statement reflected Democratic determination to make tax reduction at this session of Congress a party issue and possibly beat the Republicans to the wire before next year's elections.

Appraising the tax situation, Rayburn made clear his belief that Congress can pass a tax reduction bill in time to apply to next year's income — provided the government's tax revenues hold up at anticipated levels, and Congress continues its budget-cutting campaign.

* * *

REPUBLICANS, who thus far have taken no official position, displayed an eagerness to get into the act on their own. President Eisenhower and his tax advisers have taken a wait-and-see position on tax reduction, with suggestions that revenue surpluses be applied first to debt reduction.

Republican Leader Martin of Massachusetts reported he, too, was "for a tax cut just as soon as we can do it." Commenting on Rayburn's statement, he added, "If we can cut spending, we'll join 'em."

Rep. Reed of New York, senior Republican member of the Ways and Means Committee, said he was "just as anxious for a tax cut as anyone, providing he can do it with safety to our fiscal affairs."

Rep. Cannon (D-Mo), chairman of the House Appropriations Committee, said he believed the House will make enough cuts in Eisenhower's $71.8 billion spending budget to justify income tax reduction.

The House already has slashed $1 billion from the President's budget. Still to come are the principal sources of still larger potential slashes—the defense and foreign and appropriation bills. But the Senate, which frequently increases the House figures, has not yet acted on any of the bills.

Summerfield's Testimony Told

'Every Effort Possible' Made To Cut Spending

WASHINGTON (AP) — Postmaster General Summerfield has told a House Appropriations subcommittee "we made every effort humanly possible" to live within the Postoffice Department's budget.

His testimony last week, requesting $47 million more to maintain normal mail service in the last three months of this fiscal year, was made public today.

The committee later voted to give him $17 million but delayed a vote on the other $30 million until Friday.

The postmaster general, insisting on the full amount, then ordered postoffices to prepare to halt virtually all Saturday mail services, starting Saturday.

Postal officials said today that 20,000 employes of the department may lose all or part of their working time. They include "both temporary employes and substitutes, working on a parttime basis, who will be laid off entirely, and some regular fulltime workers who will suffer through curtailment of working hours and elimination of overtime work."

He told the subcommittee the Postoffice already had put a freeze on extension of any routes in the quarter ending June 30.

And, he said, "frankly, if we do not use every effort to economize, $47 million is not going to be enough to maintain the present service, without an extension of additional city carrier routes."

* * *

THE RECORD showed that Rep. Cannon (D-Mo), committee chairman, said three times Summerfield had had notice "that you were to live" within the $2,113,440,000 Postoffice budget.

"You have failed to prepare for a situation which must have appeared inevitable," Cannon said.

Summerfield has said unforeseen expenses arose from unexpectedly heavy mail volume and an increasing need to serve spreading residential areas.

Tax Stamp End Urged

Ohio House Committee OKs Change In Law

COLUMBUS (AP)—A bill to eliminate stamps in the collection of Ohio's three per cent sales tax was recommended for passage by the House Taxation Committee today. The vote was 15-7.

Elimination of the stamps is estimated to promise a saving to the state of $11½ million a year.

In addition to the saving on printing and the two per cent discount allowed vendors, elimination of the stamps also would automatically end stamp redemption, a big source of revenue for many charitable groups.

Despite the committee's action, the bill faces an uncertain future both in the House and Senate.

Fears have been expressed by State Tax Commissioner Stanley J. Bowers that the financially hard - pressed state government might actually lose money in the coming two years, because of a time lag in collections. Gov. C. William O'Neill has said he cannot favor the bill if there appeared to be a chance of any "substantial" revenue loss to the state.

* * *

MERCHANTS buy their sales tax stamps in advance. This prepaid feature gives the state its sales tax revenue before sales actually are made. Under the no-stamp system, the state might be forced to wait as long as six weeks after the sale of merchandise to gets its tax money.

The State Tax Department said this might put sales tax collections as much as $7½ million behind schedule.

Under the committee-approved bill, merchants would be required to pay estimated monthly returns by the 20th of each month and make semi-annual reports in June and December.

Beck's Union Chiefs Book Strategy Talk

GALVESTON, Tex. (AP) — The executive board of the giant Teamsters Union has chosen this sunny Gulf port for a secret strategy meeting next Tuesday.

The emergency meeting was reported to have been called for one main purpose—to decide whether the union will defend itself on AFL-CIO charges that it is substantially dominated by "corrupt" influences.

The AFL-CIO Ethical Practices Committee has given the Teamsters the date of May 6 for a hearing in Washington if the Teamsters organization wants to defend itself.

An AFL-CIO finding that the corruption charges are true could lead to ousting of the Teamsters from the federation. The union is considered the largest single AFL-CIO affiliate, with about 1,350,000 members.

Disclosures about Teamster President Dave Beck's admitted personal use of large sums of Teamsters Union funds, as well as involvement of other Teamsters top officials in various charges, have shaken the huge labor organization to its roots.

It is reported some of the union's top officers will insist that the union appear before the AFL-CIO committee May 6, but other union officials, including Beck, were reported to be balking and counseling instead that the union snub the entire AFL-CIO proceedings, whatever the consequences.

U.S. Winter Wheat Harvest To Be Well Below Average

WASHINGTON (AP)—The Agriculture Department has forecast this year's winter wheat crop at 669,080,000 bushels.

This estimate is 44,080,000 bushels more than the 625 million forecast last December. It compares with 724,995,000 bushels produced last year and 862,471,000 for the 10-year (1946-55) average.

The crop will be considerably smaller than average because of government acreage restriction and retirement of some wheat land from production under the soil bank program. These programs are designed to hold down production until surpluses from past big crops can be reduced.

The department said the indicated production for Ohio would be 37,544,000 bushels this year compared to 39,676,000 in 1956. The department also said that Ohio had 3,174,000 bushels of wheat stocked on farms on April 1 this year compared to 6,074,000 bushels last year. For corn, the figures were 94,254,000 bushels this year and 103,845,000 last year.

* * *

IN MAKING its forecast for the nation, the department gave no forecast for spring wheat because it has not yet been planted. But on the basis of prospective plantings and average acre yields, the crop would be about 175 million bushels.

Thus a winter wheat crop of the indicated size of 669,080,000 bushels and a spring crop of 175,000,000 bushels would give a total production of 844,080,000 bushels. This compares with 997,207,000 produced last year and 1,148,289,000 for the 10-year average.

Such a crop would be smaller than prospective market demands of around 900 million bushels. But surpluses would fill the deficit.

Stocks of corn for grain on farms April 1 were reported at 1,615,149,000 bushels of 52.4 per cent of last year's crop. This compared with 1,494,102,000 or 51.8 per cent of the previous year's crop a year ago and 1,319,022,000 or 47 per cent for the 10-year April 1 average.

Stocks of wheat on farms were put at 165,959,000 bushels or 16.6 per cent of last year's production. This compared with 216,741,000 or 23.2 per cent a year ago and 222,782,000 or 19.4 per cent for the 10-year average.

Redmon Trial Grows More Confusing

CINCINNATI (AP) — The trial of Arthur L. Redmon, 29, on a charge of first degree murder neared its end today in a welter of conflicting statements.

Redmon is accused of having started a fire in an apartment here last November in which eight persons, six of them children, lost their lives. The state claims he started the fire because he was angered at Johnetta Clark, 20.

Police claim he admitted starting the fire but he later repudiated the statement. Redmon declared Wednesday he signed the alleged confession because of a misunderstanding.

Mrs. Clark first testified that Redmon threatened to kill her but she appeared later as a defense witness and repudiated that statement. She said she made it because she was confused.

Wednesday the state introduced a recording of questioning of her by police in which she was asked if Redmon ever threatened her. She said:

"He said he would kill me but would kill hisself if he killed me."

That brought a defense motion for a mistrial on the grounds it was prejudicial to Redmon.

Judge Carson Hoy overruled the motion but directed that the entire recording be played for the jury of six men and six women so that the particular question and answer would not appear to be out of context.

Peony Queen Picked

VAN WERT (AP)—Janice Prior of Van Wert has been chosen Queen Jubilee XIII for the Peony Festival here June 5. Karen Berry of Delphos and Shirley Adams of Hoaglin - Jackson were named maids of honor.

Reuther Seeks New Skilled Worker Deal

ATLANTIC CITY, N. J. (AP)—Walter P. Reuther is offering a plan today to the United Auto Workers convention to keep craft unions from taking skilled workers from the big industrial union.

Reuther, who was unanimously re-elected UAW president Wednesday for a seventh term, already has pledged his supporters to amend the union's constitution to take care of the demands of skilled workers.

The proposed changes would permit skilled groups to negotiate supplemental contracts for pay increases substantially beyond contract minimums.

Reuther said the changes did not mean abandonment of industrial unionism. He called it "refining the industrial structure of our union."

The changes also are designed to carry out Reuther's program of organizing engineers, technicians and other white-collar workers.

The UAW leadership has had difficulty keeping skilled tradesmen happy ever since the current contracts were negotiated in 1955. Some skilled workers complained they were getting only about 20 cents an hour more than unskilled production workers.

At present the average pay for production workers is $2.34 an hour. The average rate of skilled workers ranges upward from $2.60 an hour.

Ike Seeking New Airways Control

WASHINGTON (AP) — President Eisenhower asked Congress today to set up a new agency to decide on ways of modernizing the nation's airways control system to handle ever-increasing traffic.

"This measure will greatly expedite the improvement of air traffic control and air navigation and I therefore urge its early enactment," the President said in a special message.

News In Brief

Israel Denies Egyptian Claim

JERUSALEM (AP) — An Israeli Foreign Ministry spokesman denied today Egyptian charges that Israeli troops still hold two points on the Egyptian Aqaba Gulf coast.

The spokesman, Moshe Leshem, said no protest had reached Israel from any United Nations authorities on the claims.

There was no comment on another Egyptian charge that U.N. troops in the Gaza Strip are crossing the border to fraternize with Israeli women soldiers.

An official Egyptian source complained that Israeli troops were still stationed at Taba, a small town six miles southwest of the southern Israeli port of Eilat, and at Ras el Nakb, apparently a point in the Sinai Peninsula 20 miles north of U.N. - held Sharm el Sheikh.

The United Nations declared officially March 8 that all Israeli forces had left Egyptian territory and the Gaza Strip.

LONDON (AP)—Britain and Singapore today signed a draft constitution to give the strategic Asian colony a large measure of self-government within the commonwealth. No date was fixed for the new constitution to take effect.

LONDON (AP)—Britain announced willingness today to let Egypt transfer 15 million pounds (42 million dollars) of her blocked sterling balance in London to Sudan. The action was the first release of Egyptian funds since Britain froze them after the Suez crisis last year.

RIO DE JANEIRO (AP) — Four persons survived the flaming crash of a Brazilian airliner on Anchieta Island Wednesday night. All 24 others aboard perished, by official report. The plane was en route from Rio De Janeiro to Sao Paulo.

TANANARIVE, Madagascar (AP) —Archbishop Makarios left by air for Nairobi and Athens today after being held 13 months on the Seychelle Islands north of Madagascar. Makarios and his Greek Cypriot supporters demand that Britain let them vote to unite with Greece. Makarios was exiled after Britain accused him of directing the Greek Cypriot campaign.

CANBERRA (AP) —Defense Minister Sir Philip McBride announced today that Australia's 80 troops in South Korea will be withdrawn. But he said Australian airships will continue to serve in Korean waters to support the United Nations' mission to maintain peace in that area.

Chlorine Gases Hit Pennsy Town

ELLWOOD CITY, Pa. (AP)—Chlorine gases escaping from a leaking railroad tank car today made a score of persons ill and forced evacuations of a large area here in western Pennsylvania.

Ellwood City Hospital reported that it had treated 29 persons, many of them members of volunteer fire companies.

Six persons were admitted for further treatment, the hospital said, adding that none appeared to be in serious condition.

Printers To Vote

CINCINNATI (AP)—Union printers on Cincinnati's three daily newspapers will meet Sunday for a decision on whether to go on strike in a wage dispute.

Chillicothe Adopts City Income Tax

CHILLICOTHE (AP) — Chillicothe City Council Wednesday night adopted an ordinance calling for a one-half per cent city income tax.

Mayor Forrest Harper, who last month vetoed an ordinance for a one per cent tax, signed the new measure after Council voted 5-2 to adopt the tax.

The levy is effective May 1 and runs to Dec. 31, 1958. The city is expected to realize $120,000 from the tax this year.

Ohio Vote Split

WASHINGTON (AP) — Ohio's two senators split Wednesday on a bill to establish an emergency one-year corn program. John W. Bricker voted for it, Frank J. Lausche against it. The Senate defeated the measure 45-35.

California Backyard Crater Probed By Ordnance Experts

SAN GABRIEL, Calif. (AP)—The mystery of the backyard crater deepens.

Exactly what caused the crater has not been determined, but demolition experts believe some "unidentified object" crashed into the ground. This theory has taken Army Ordnance experts 10 feet deep into the backyard of the Oscar Murphy residence.

"A falling object caused the crater," said an Army spokesman. "We want to get to it to make sure it isn't dangerous."

What residents thought was a sonic boom rocked the San Gabriel Valley, a Los Angeles suburb, early Tuesday.

Later, Pat Murphy, 10, found the crater in the back yard of his home. He told his father about it. Murphy called the sheriff who called the Army.

Ordnance experts at nearby Ft. MacArthur began digging early Wednesday.

By dark Wednesday night a hole about 10 feet wide and 10 feet deep, shored with heavy timbers, had been sunk into sandy soil without discovering anything more menacing than a rusted baby carriage.

Ordnance men said that the crater could have been caused by a falling missile, a meteor, a 100-pound dud bomb or any other object about six inches in diameter.

"There was no explosion when the object hit," said an Army man. He said many Air Force planes were flying at the time of the reported sonic boom.

Midwest GOP Chiefs Study 'How To Win'

OMAHA (AP) — Republicans from eight Midwest states were to open the first of six "how to win" sessions today in the heart of traditionally Republican territory.

But even here, the urgency of the Republican problem is apparent, for the GOP suffered losses in the farm states in 1956.

Seven of the eight states represented were in the Republican column last year but the GOP actually lost ground in four—Iowa, Kansas, Colorado and South Dakota.

Only two of the eight maintain solidly Republican congressional delegations. They are Nebraska and North Dakota. Minnesota's congressional delegation is split—five Republicans and four Democrats. Oklahoma has five Democrats and one Republican.

National Republican Chairman Meade Alcorn, who was to preside at the meeting, says, "The campaign in the farm states will be tough. We are not conceding anything, but we are being coldly realistic."

Special committees will work behind closed doors, starting Friday, on Republican organization, formulation of state, congressional and county conferences, Democratic weaknesses and Republican goals. The budget and "Modern Republicanism" probably will be discussed. The finance committee was to meet today.

Career Day Set

COLUMBUS (AP)—The fourth annual Career Day program for high school students, sponsored by Ohio State University and the state's dairy industry, will be held on the university campus here Saturday.

Job Injury Rate Very Low In Ohio

COLUMBUS (AP) — Richard W. Morse, chairman of the Industrial Commission of Ohio, told the All-Ohio Safety Congress here Wednesday that the state's job injury frequency rate is at the lowest compensation premium payments paid by employers were reduced 7.7 per cent last year by the state.

Morse called Ohio's system for preventing industrial injuries "the best in the nation." He said Ohio now reaches more workers with job safety programs and messages than any other state.

Teamsters Strike Dayton Newspapers

DAYTON (AP) — The Teamsters Union today struck the Dayton Journal Herald and the Dayton Daily News, over a wage dispute involving 25 janitors.

Local 176 of the Teamsters Union struck after refusing the company's wage increase offer of 30-50 cents an hour.

Richard Loy, secretary-treasurer of the Teamsters local, said the union was seeking a pay raise of 50-70 cents an hour. He said the janitors receive $1 an hour.

Nationalists Set For Chinese Revolt

PALO ALTO, Calif. (AP) — Nationalist China's chief delegates to the United Nations told university students that his countrymen stand ready to do the fighting "when the people of the Chinese mainland revolt."

The mainland is now held by Communists.

"Let the United Nations not hamper us," Dr. Tsiang Ting-Fu said in the opening address at a model UN session held at Stanford University. "Let the liberals of the U. S. not hamper us."

"Liberal intellectuals," he said, "believed that perhaps after all the Chinese Communists were more agrarian reformers. Their mistake has proved very costly to China and the world."

MERCHANTS buy their sales tax stamps in advance. This prepaid feature gives the state its sales tax revenue before sales actually are made. Under the no-stamp system, the state might be forced to wait as long as six weeks after the sale of merchandise to gets its tax money.

The State Tax Department said this might put sales tax collections as much as $7½ million behind schedule.

Under the committee-approved bill, merchants would be required to pay estimated monthly returns by the 20th of each month and make semi-annual reports in June and December.

U.S. Winter Wheat Harvest To Be Well Below Average

WASHINGTON (AP)—The Agriculture Department has forecast this year's winter wheat crop at 669,080,000 bushels.

This estimate is 44,080,000 bushels more than the 625 million forecast last December. It compares with 724,995,000 bushels produced last year and 862,471,000 for the 10-year (1946-55) average.

The crop will be considerably smaller than average because of government acreage restriction and retirement of some wheat land from production under the soil bank program. These programs are designed to hold down production until surpluses from past big crops can be reduced.

The department said the indicated production for Ohio would be 37,544,000 bushels this year compared to 39,676,000 in 1956. The department also said that Ohio had 3,174,000 bushels of wheat stocked on farms on April 1 this year compared to 6,074,000 bushels last year. For corn, the figures were 94,254,000 bushels this year and 103,845,000 last year.

* * *

IN MAKING its forecast for the nation, the department gave no forecast for spring wheat because it has not yet been planted. But on the basis of prospective plantings and average acre yields, the crop would be about 175 million bushels.

Thus a winter wheat crop of the indicated size of 669,080,000 bushels and a spring crop of 175,000,000 bushels would give a total production of 844,080,000 bushels. This compares with 997,207,000 produced last year and 1,148,289,000 for the 10-year average.

Such a crop would be smaller than prospective market demands of around 900 million bushels. But surpluses would fill the deficit.

Stocks of corn for grain on farms April 1 were reported at 1,615,149,000 bushels or 52.4 per cent of last year's crop. This compared with 1,494,102,000 or 51.8 per cent of the previous year's crop a year ago and 1,319,022,000 or 47 per cent for the 10-year April 1 average.

Stocks of wheat on farms were put at 165,959,000 bushels or 16.6 per cent of last year's production. This compared with 216,741,000 or 23.2 per cent a year ago and 222,782,000 or 19.4 per cent for the 10-year average.

Redmon Trial Grows More Confusing

CINCINNATI (AP) — The trial of Arthur L. Redmon, 29, on a charge of first degree murder neared its end today in a welter of conflicting statements.

Redmon is accused of having started a fire in an apartment here last November in which eight persons, six of them children, lost their lives. The state claims he started the fire because he was angered at Johnetta Clark, 20.

Police claim he admitted starting the fire but he later repudiated the statement. Redmon declared Wednesday he signed the alleged confession because of a misunderstanding.

Mrs. Clark first testified that Redmon threatened to kill her but she appeared later as a defense witness and repudiated that statement. She said she made it because she was confused.

Wednesday the state introduced a recording of questioning of her by police in which she was asked if Redmon ever threatened her. She said:

"He said he would kill me but would kill hisself if he killed me."

That brought a defense motion for a mistrial on the grounds it was prejudicial to Redmon.

Judge Carson Hoy overruled the motion but directed that the entire recording be played for the jury of six men and six women so that the particular question and answer would not appear to be out of context.

Peony Queen Picked

VAN WERT (AP)—Janice Prior of Van Wert has been chosen Queen Jubilee XIII for the Peony Festival here June 5. Karen Berry of Delphos and Shirley Adams of Hoaglin - Jackson were named maids of honor.

Reuther Seeks New Skilled Worker Deal

ATLANTIC CITY, N. J. (AP)—Walter P. Reuther is offering a plan today to the United Auto Workers convention to keep craft unions from taking skilled workers from the big industrial union.

Reuther, who was unanimously re-elected UAW president Wednesday for a seventh term, already has pledged his supporters to amend the union's constitution to take care of the demands of skilled workers.

The proposed changes would permit skilled groups to negotiate supplemental contracts for pay increases substantially beyond contract minimums.

Reuther said the changes did not mean abandonment of industrial unionism. He called it "refining the industrial structure of our union."

The changes also are designed to carry out Reuther's program of organizing engineers, technicians and other white-collar workers.

The UAW leadership has had difficulty keeping skilled tradesmen happy ever since the current contracts were negotiated in 1955. Some skilled workers complained they were getting only about 20 cents an hour more than unskilled production workers.

At present the average pay for production workers is $2.34 an hour. The average rate of skilled workers ranges upward from $2.60 an hour.

Ike Seeking New Airways Control

WASHINGTON (AP) — President Eisenhower asked Congress today to set up a new agency to decide on ways of modernizing the nation's airways control system to handle ever-increasing traffic.

"This measure will greatly expedite the improvement of air traffic control and air navigation and I therefore urge its early enactment," the President said in a special message.

News In Brief

Israel Denies Egyptian Claim

JERUSALEM (AP) — An Israeli Foreign Ministry spokesman denied today Egyptian charges that Israeli troops still hold two points on the Egyptian Aqaba Gulf coast.

The spokesman, Moshe Leshem, said no protest had reached Israel from any United Nations authorities on the claims.

There was no comment on another Egyptian charge that U.N. troops in the Gaza Strip are crossing the border to fraternize with Israeli women soldiers.

An official Egyptian source complained that Israeli troops were still stationed at Taba, a small town six miles southwest of the southern Israeli port of Eilat, and at Ras el Nakb, apparently a point in the Sinai Peninsula 20 miles north of U.N. - held Sharm el Sheikh.

The United Nations declared officially March 8 that all Israeli forces had left Egyptian territory and the Gaza Strip.

LONDON (AP)—Britain and Singapore today signed a draft constitution to give the strategic Asian colony a large measure of self-government within the commonwealth. No date was fixed for the new constitution to take effect.

LONDON (AP)—Britain announced willingness today to let Egypt transfer 15 million pounds (42 million dollars) of her blocked sterling balance in London to Sudan. The action was the first release of Egyptian funds since Britain froze them after the Suez crisis last year.

RIO DE JANEIRO (AP) — Four persons survived the flaming crash of a Brazilian airliner on Anchieta Island Wednesday night. All 24 others aboard perished, by official report. The plane was en route from Rio De Janeiro to Sao Paulo.

TANANARIVE, Madagascar (AP) —Archbishop Makarios left by air for Nairobi and Athens today after being held 13 months on the Seychelle Islands north of Madagascar. Makarios and his Greek Cypriot supporters demand that Britain let them vote to unite with Greece. Makarios was exiled after Britain accused him of directing the Greek Cypriot campaign.

CANBERRA (AP) —Defense Minister Sir Philip McBride announced today that Australia's 80 troops in South Korea will be withdrawn. But he said Australian airships will continue to serve in Korean waters to support the United Nations' mission to maintain peace in that area.

Chillicothe Adopts City Income Tax

CHILLICOTHE (AP) — Chillicothe City Council Wednesday night adopted an ordinance calling for a one-half per cent city income tax.

Mayor Forrest Harper, who last month vetoed an ordinance for a one per cent tax, signed the new measure after Council voted 5-2 to adopt the tax.

The levy is effective May 1 and runs to Dec. 31, 1958. The city is expected to realize $120,000 from the tax this year.

Ohio Vote Split

WASHINGTON (AP) — Ohio's two senators split Wednesday on a bill to establish an emergency one-year corn program. John W. Bricker voted for it, Frank J. Lausche against it. The Senate defeated the measure 45-35.

Chlorine Gases Hit Pennsy Town

ELLWOOD CITY, Pa. (AP)—Chlorine gases escaping from a leaking railroad tank car today made a score of persons ill and forced evacuations of a large area here in western Pennsylvania.

Ellwood City Hospital reported that it had treated 29 persons, many of them members of volunteer fire companies.

Six persons were admitted for further treatment, the hospital said, adding that none appeared to be in serious condition.

Printers To Vote

CINCINNATI (AP)—Union printers on Cincinnati's three daily newspapers will meet Sunday for a decision on whether to go on strike in a wage dispute.

California Backyard Crater Probed By Ordnance Experts

SAN GABRIEL, Calif. (AP)—The mystery of the backyard crater deepens.

Exactly what caused the crater has not been determined, but demolition experts believe some "unidentified object" crashed into the ground. This theory has taken Army Ordnance experts 10 feet deep into the backyard of the Oscar Murphy residence.

"A falling object caused the crater," said an Army spokesman. "We want to get to it to make sure it isn't dangerous."

What residents thought was a sonic boom rocked the San Gabriel Valley, a Los Angeles suburb, early Tuesday.

Later, Pat Murphy, 10, found the crater in the back yard of his home. He told his father about it. Murphy called the sheriff who called the Army.

Ordnance experts at nearby Ft. MacArthur began digging early Wednesday.

By dark Wednesday night a hole about 10 feet wide and 10 feet deep, shored with heavy timbers, had been sunk into sandy soil without discovering anything more menacing than a rusted baby carriage.

Ordnance men said that the crater could have been caused by a falling missile, a meteor, a 100-pound dud bomb or any other object about six inches in diameter.

"There was no explosion when the object hit," said an Army man. He said many Air Force planes were flying at the time of the reported sonic boom.

Midwest GOP Chiefs Study 'How To Win'

OMAHA (AP) — Republicans from eight Midwest states were to open the first of six "how to win" sessions today in the heart of traditionally Republican territory.

But even here, the urgency of the Republican problem is apparent, for the GOP suffered losses in the farm states in 1956.

Seven of the eight states represented were in the Republican column last year but the GOP actually lost ground in four—Iowa, Kansas, Colorado and South Dakota.

Only two of the eight maintain solidly Republican congressional delegations. They are Nebraska and North Dakota. Minnesota's congressional delegation is split—five Republicans and four Democrats. Oklahoma has five Democrats and one Republican.

National Republican Chairman Meade Alcorn, who was to preside at the meeting, says, "The campaign in the farm states will be tough. We are not conceding anything, but we are being coldly realistic."

Special committees will work behind closed doors, starting Friday, on Republican organization, formulation of state, congressional and county conferences, Democratic weaknesses and Republican goals. The budget and "Modern Republicanism" probably will be discussed. The finance committee was to meet today.

Career Day Set

COLUMBUS (AP)—The fourth annual Career Day program for high school students, sponsored by Ohio State University and the state's dairy industry, will be held on the university campus here Saturday.

Job Injury Rate Very Low In Ohio

COLUMBUS (AP) — Richard W. Morse, chairman of the Industrial Commission of Ohio, told the All-Ohio Safety Congress here Wednesday that the state's job injury frequency rate is at the lowest compensation premium payments paid by employers were reduced 7.7 per cent last year by the state.

Morse called Ohio's system for preventing industrial injuries "the best in the nation." He said Ohio now reaches more workers with job safety programs and messages than any other state.

Teamsters Strike Dayton Newspapers

DAYTON (AP) — The Teamsters Union today struck the Dayton Journal Herald and the Dayton Daily News, over a wage dispute involving 25 janitors.

Local 176 of the Teamsters Union struck after refusing the company's wage increase offer of 30-50 cents an hour.

Richard Loy, secretary-treasurer of the Teamsters local, said the union was seeking a pay raise of 50-70 cents an hour. He said the janitors receive $1 an hour.

Beck's Union Chiefs Book Strategy Talk

GALVESTON, Tex. (AP) — The executive board of the giant Teamsters Union has chosen this sunny Gulf port for a secret strategy meeting next Tuesday.

The emergency meeting was reported to have been called for one main purpose—to decide whether the union will defend itself on AFL-CIO charges that it is substantially dominated by "corrupt" influences.

The AFL-CIO Ethical Practices Committee has given the Teamsters the date of May 6 for a hearing in Washington if the Teamsters organization wants to defend itself.

An AFL-CIO finding that the corruption charges are true could lead to ousting of the Teamsters from the federation. The union is considered the largest single AFL-CIO affiliate, with about 1,350,000 members.

Disclosures about Teamster President Dave Beck's admitted personal use of large sums of Teamsters Union funds, as well as involvement of other Teamsters top officials in various charges, have shaken the huge labor organization to its roots.

It is reported some of the union's top officers will insist that the union appear before the AFL-CIO committee May 6, but other union officials, including Beck, were reported to be balking and counseling instead that the union snub the entire AFL-CIO proceedings, whatever the consequences.

Nationalists Set For Chinese Revolt

PALO ALTO, Calif. (AP) — Nationalist China's chief delegates to the United Nations told university students that his countrymen stand ready to do the fighting "when the people of the Chinese mainland revolt."

The mainland is now held by Communists.

"Let the United Nations not hamper us," Dr. Tsiang Ting-Fu said in the opening address at a model UN session held at Stanford University. "Let the liberals of the U. S. not hamper us."

"Liberal intellectuals," he said, "believed that perhaps after all the Chinese Communists were more agrarian reformers. Their mistake has proved very costly to China and the world."

State Will Ask Bids For Road, Bridge Work

Bids from qualified contractors for guard rail and bridge painting and road paving were called for today by the Ohio Department of Highways.

From this contract letting, over 138 miles of highways in 22 counties will be paved and 95 bridges in 30 counties over the state will be repainted.

In Pickaway County the bridges on State Route 674 in Walnut Township and State Route 138 in Deer Creek Township are scheduled for repainting.

The road paving in the state will be handled in 19 contracts, the bridge repainting will be covered in five.

In addition, guard rails in 28 counties in northeastern, northwestern, and eastern central parts of the state will be painted under four contracts.

Bids on the work will be opened at 10 a. m. eastern standard time, April 30, 1957, at the Highway Department in Columbus, Ohio.

Local Department Gets New Truck

Circleville's water and sewage department will soon have a new ½-ton pickup truck to replace its old vehicle which is over five years old.

According to public utilities manager Ervin Leist, the truck will be purchased from Pickaway Motors, which submitted a low bid. In all, five bids were received, with the local Ford dealer's offer showing the lowest cost and meeting all required specifications.

The local department has also received five bids for the purchase of pipe valves and fittings. As yet no contracts have been let for these items, Leist added.

MARKETS

CIRCLEVILLE HOG MARKET

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., $17.75; 220-240 lbs., $17.35; 240-260 lbs., $17.10; 260-280 lbs., $16.60; 280-300 lbs., $16.10; 300-350 lbs., $15.60; 350-400 lbs., $15.10; 180-190 lbs., $17.35; 160-180 lbs., $16.25. Sows, $15.75 down. Stags and boars, $11.00 down.

Budget-Cutters Eye Own Request

WASHINGTON (AP) — House Appropriations Committee members, who have been taking a generally dim view of agency requests for more money, are about to vote on such a special request for House committees.

House Clerk Ralph R. Roberts has asked $300,000 in supplemental committee funds for this fiscal year ending June 30.

Roberts said the committees are running out of the $1,400,000 originally voted them for the year.

"At the rate the committees are going," disbursing clerk Harry M. Livingston added, "they'll make still another request before the fiscal year is over."

Report Given On Stock Sale Here Wednesday

CATTLE—208 Head—Steers and heifers, good to choice 21-22.90, good 18-21; steers and heifers, commercial 16-18, utility 14-16; steers and heifers, canners and cutters 14 down; cows 8-15; bulls 14.50-17.

Motion Filed For Dismissal Of Court Appeal

Another legal move to have the controversial parking lot at the Pickaway County Courthouse completed has been made by Prosecutor William Ammer, representing the board of county commissioners.

The latest action to complete the half-finished job is a motion calling for dismissal of an appeal notice filed by Arthur Wilkin and William Hickey, who filed injunction petitions last November. Their move put a sudden stop on the parking lot construction project.

Work was halted after a temporary injunction was granted in common pleas court here. Later, the restraining order was dissolved following several hearings conducted by Judge Earl D. Parker of Pike County.

Wilkin and Hickey then made a counter-move, filing a notice with the court of appeals asking for review of the case.

* * *

ACTING on behalf of the county commission, Ammer's motion contends that Wilkin and Hickey failed to file briefs on their appeal within 50 days as required by law.

The parking lot was ordered constructed by the old board of commissioners which has undergone a change of personnel since that time. Harley Mace, now chairman of the board, is the only hold-over.

William Goode and Lyman Penn, defeated in the last election, were replaced by Wayne Hines and Clyde Michel. Up until now, the new commissioners have been reluctant to take action upon a problem which was forced into their lap.

George Van Camp, local contractor, holds two contracts amounting to $1,980 to build the parking site. At present he is awaiting word from the commissioners to resume construction.

Finances Subject At School Survey Discussion Tonight

The advisory council of the county-wide school survey will hold its sixth meeting tonight in the Saltcreek Township school at 8 o'clock.

School finances will be the discussion topic and finance data compiled by the school study will be related by Dr. William Chase, survey director.

The study of county schools is being made by the Center for Educational Research at Ohio University. It is carried on without charge to the county.

All survey discussion meetings are open to the public and attendence of area residents interested in county school conditions is welcomed.

County Receives Share Of Gas Tax

Pickaway County received $6,465 in April distributions of gasoline tax by the state according to state auditor James A. Rhodes.

The tax is allocated at the rate of $1 for each registered motor vehicle in the county. The distribution which is made to 143 Ohio cities and 775 villages is for the maintenance and repair of streets.

Total April distribution in the state amounted to $2,755,886. A similar distribution was made in February.

Officials Release Information On Local Lake Park Area

Information released by the Ohio Department of Natural Resources has revealed that $143,000 has been requested for recreational development at Pickaway County's Memorial Lake.

This amount represents the first budget request which will enable the state division of parks to start most essential development of a park area at the local lake site.

This request, for fiscal year, July 1, 1957-July 1, 1959, is part of the state's long range program which calls for a total of $330,750 to be spent here on park building and improvement.

The information, released by V. F. Flickinger, chief of Ohio's division of parks, was sent to Pickaway County Representative Ed Wallace who has been one of the prominent backers for a lake and park here.

A tentative breakdown on how the initial budget request will be spent is as follows:

* * *

RESIDENCE and service buildings, $26,000; latrine, $5,000; repair on residence, $5,000; auto equipment, $9,000; tables, stoves and cans, $10,000; tent camp, $15,000; roads, $30,000; parking, $15,500; docks, $3,000; power and telephone, $2,000; reforestation, $2,000; signs, $500; beach development, $25,000.

Initial planning for a lake site here got underway in 1945 when the old State Division of Conservation acquired 414 acres of land at a cost of $50,153. In 1947-48 the original dam was constructed at a cost of $192,000 by the old division.

However, the old dam was found to be faulty and it appeared that Pickaway County would not get its long-awaited memorial lake. However representative Wallace, along with several other far-sighted local sportsmen, never lost interest in the project.

In keeping their hopes alive, the local group made repeated visits to the governor and other state offices in an effort to get additional funds which would allow the lake area to be completed here.

Finally, after the lake site property was transferred from the old Division of Conservation to the new Division of Parks in 1949, more funds were appropriated for completion of the lake area.

In 1956, a sum of $211,000 was expended on repairs of the original dam and improvements on the spillway, making a total of $403,000 spent in getting the site in condition to safely hold water.

* * *

PRESENT plans call for the dam to impound approximately 179 acres of water at a maximum depth of 57 feet. According to division of parks master planning, the over-all park area will include about 372 acres.

The states proposed park program calls for improved beach areas, picnic grounds, boat docks, parking spaces, areas for cabins and planned wooded areas.

So far the state has not released any information on who will be selected to serve as park and lake supervisor. Several local residents reportedly have applications in for the job.

Heavy rains the past several weeks have proved to be a big boost in raising the lake bed to its intended water level. A measurement taken yesterday by local sportsman Bob Wolf showed that water was just one inch less than three feet from reaching the spillway. According to sportsmen here, when water reaches the spillway, the lake can be considered as being filled.

Spokesmen from the state wildlife division have reminded local anglers that good fishing at the lake will not come until about Fall of this year. So far about 40,000 smaller fish of several varieties have been stocked there, with more scheduled to be released early this Summer.

Teacher Pay Scale Varies Widely

CHICAGO (AP) — Some school teachers are paid two to three times as much as those in other cities simply because of wide differences in local pay rates, the American Federation of Teachers said today.

The federation's annual salary survey said starting salaries of grade or high school teachers with bachelor's degrees range from the national low of $2,000 a year in Fayetteville, Ark., to $4,674 in East Chicago, Ind.

Ike Tells Congress To Cut Soil Fund

WASHINGTON (AP) —President Eisenhower today told Congress it can cut $254 million from the $1,254,000,000 he asked to operate the soil bank program in the 12 months beginning July 1.

Presidential Press Secretary James C. Hagerty said that the change resulted from a detailed study of operations of the soil bank program which has just been completed.

Deaths AND FUNERALS

MRS. H. B. GIVEN

Mrs. Winifred Baker Given of 146 W. Mound St. died Wednesday about 4:30 p. m. in Mt. Carmel Hospital, Columbus.

Mrs. Given was born in Athens County, O., the daughter of Willard and Lydia Cole Baker.

She was married in Norfolk, Va., September 19, 1906, to H. Bishop Given, who died 33 years ago.

Survivors include: a son, H. Bishop Given of Circleville Route 2; daughters, Mrs. Winifred Christy of Ft. Lauderdale, Fal., Mrs. Virginia Beach of Toledo and Mrs. Lydia Tresch of Marietta; 10 grandchildren and six great grandchildren.

Funeral services will be Saturday at 2 p. m. in the Defenbaugh Funeral Home.

Burial will be in Forest Cemetery.

Friends may call at the funeral home beginning 4 p. m. Friday.

ROBERT L. PENCE

Arrangements have been completed by Defenbaugh Funeral Home for Robert L. Pence, 3, who drowned Wednesday morning.

He was born May 25, 1953, the son of Charles and Mary Tatman Pence, who survive.

Also surviving are: nine brothers and sisters and two grandmothers, Mrs. Loie Tatman of Laurelville and Mrs. Mattie Pence of Circleville.

Funeral services were held this afternoon in Adelphi Methodist Church with the Rev. Richard McDowell officiating.

Burial was in Green Summitt Cemetery, Adelphi.

MRS. JOSIE HOLMES

Mrs. Josie Florence Holmes died this morning in the home of her daughter, Allie Rudd of Wayne Township.

Other children surviving are: Samuel Holmes, Gracie Cochran, Robert Holmes, Maggie Rudd and Calvie Holmes.

Mrs. Holmes was born December 12, 1886, in Pocahontas County, W. Va.

The body will be sent to Lewisburg, W. Va., for burial by the Defenbaugh Funeral Home.

HARRY HITCHCOCK

Harry Hitchcock, 65, died at his home at 349 E. Union St. today at 4 a. m. following an illness of four years.

Mr. Hitchcock was born in Stoutsville on Oct. 28, 1891, a son of Sherman and Almeida Hitchcock. On June 8, 1911, he was married to Grace Bope Hitchcock who survives. He was a member of Heidelberg Reformed Church.

Other survivors are as follows: three sons, Terry, Lemon Grove, Calif., Ned, Hamilton, and Gale, Detroit, Mich.; one daughter, Mrs. Myriam Wilson, Columbus; five half-brothers, Leslie Baird, Detroit, Mich., Gordon Baird, St. Petersburg, Fla., Ralph Baird, Galion, Arnett Baird, Mansfield, and Orin Silor, Columbus; two half-sisters, Mrs. Frank Drake, Stoutsville, and Mrs. Paul Kull, Marysville; and five grandchildren.

Funeral services will be held on Saturday at 2 p. m. in the Mader Funeral Home, with the Rev. Mr. Ross Gonser officiating.

Friends may call at the funeral home after noon Friday.

Police Chief Warns Penalties Await Air Gun Violators

Circleville Police Chief Elmer Merriman warned that fast and severe penalties are waiting for anyone caught using air guns in the city.

"Somehow or other we have to go through this warning all over again every year," he said. "Each year we have to impress upon the kids—and also upon their parents—that using an air gun is a dangerous violation of city ordinance."

Merriman said an effort will be made this year to hold parents responsible to a greater degree if their children are caught usng the illegal guns. He pointed out that the nationwide policy in recent months has been to "put more of the blame where it really belongs—on the parents of kids who break the laws."

Syrians Fear Israel May Attack Nation

(Continued from Page One)

jat Tabbarah, who was given a long-term leave of absence.

Secret intelligence reports received by diplomats in London said the crisis between Hussein and Nabulsi reached a climax over the mission of President Eisenhower's special envoy, James P. Richards, now touring the Middle East. The reports said Hussein wants Richards to visit Amman and would like for Jordan to qualify for American aid under the Eisenhower Doctrine for halting further Communist penetration of the Middle East.

Nabulsi has declared publicly the Eisenhower plan has nothing to do with Jordan.

* * *

IN A SPEECH last Friday, Nabulsi said Jordan would "welcome every unconditional aid, whether it comes from the East or the West." But he added that if Richards "asked me as a representative of Jordan to sign a short statement that we have agreed to combat communism and that he would pay me 100 million dollars, then I would tell him 'no.' "

The U.S. State Department declined to comment officially on the developments in Jordan. But U.S. officials were encouraged by the resignation of the premier, a man they consider pro-Communist.

Mad Bomber Said Definitely 'Mad'

NEW YORK (AP)—George Metesky, the Mad Bomber, was not smiling Wednesday. Strapped on a stretcher at Kings County Hospital in Brooklyn, the usually beaming bachelor solemnly sucked on cough drops during a sanity hearing.

The man who eluded police for 16 years and planted a series of homemade bombs around the city was described by a psychiatrist as "an empty shell of a man and one of the most dangerous psychotics I've ever seen."

Dr. Albert LaVerne, senior psychiatrist at Bellevue Hospital, told Kings County Judge Samuel S. Liebowitz that Metesky, in his opinion, is not capable of understanding the charges against him.

Sonic Boom Blamed

CEDAR CITY, Utah (AP)—A sonic boom was blamed today by residents of this southwestern Utah community for an explosion which shattered an estimated 100 windows. There were no injuries.

1-Room Schools Fade; Taxes Climb

WASHINGTON (AP) — The one-room country school is rapidly disappearing from the rural scene. But this does not mean that farmers are saving on school taxes.

Government surveys show that real estate and personal property taxes for 1956 will be about 5.1 per cent higher than a year earlier. They will total $1,204,000,000, which is equivalent to nearly 11 per cent of farmers' net income from agriculture last year. The bulk of the 1956 increase in these local taxes went to schools.

Dr. Geer Enters Plea Of Guilty

CELINA (AP) —Fairfield Count, Coroner Dr. Joseph A. Geer, in a surprise move today, pleaded guilty to 13 counts of "unlawfully making false prescriptions for narcotics."

Mercer County Common Pleas Judge Paul Dull accepted the plea and placed Dr. Geer on two years probation under the condition that he resign as coroner.

State Will Ask Bids For Road, Bridge Work

Bids from qualified contractors for guard rail and bridge painting and road paving were called for today by the Ohio Department of Highways.

From this contract letting, over 138 miles of highways in 22 counties will be paved and 95 bridges in 30 counties over the state will be repainted.

In Pickaway County the bridges on State Route 674 in Walnut Township and State Route 138 in Deer Creek Township are scheduled for repainting.

The road paving in the state will be handled in 19 contracts, the bridge repainting will be covered in five.

In addition, guard rails in 28 counties in northeastern, northwestern, and eastern central parts of the state will be painted under four contracts.

Bids on the work will be opened at 10 a. m. eastern standard time, April 30, 1957, at the Highway Department in Columbus, Ohio.

Local Department Gets New Truck

Circleville's water and sewage department will soon have a new ½-ton pickup truck to replace its old vehicle which is over five years old.

According to public utilities manager Ervin Leist, the truck will be purchased from Pickaway Motors, which submitted a low bid. In all, five bids were received, with the local Ford dealer's offer showing the lowest cost and meeting all required specifications.

The local department has also received five bids for the purchase of pipe valves and fittings. As yet no contracts have been let for these items, Leist added.

MARKETS

CIRCLEVILLE HOG MARKET

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., $17.75; 220-240 lbs., $17.35; 240-260 lbs., $17.10; 260-280 lbs., $16.60; 280-300 lbs., $16.10; 300-350 lbs., $15.60; 350-400 lbs., $15.10; 180-190 lbs., $17.35; 160-180 lbs., $16.25. Sows, $15.75 down. Stags and boars, $11.00 down.

OHIO CASH GRAIN

COLUMBUS, Ohio (AP) — Ohio Dept. of Agri. cash grain prices: No 2 red wheat, weak to 2 cents lower, 2.00-2.09, most at 2.03-2.05; No 2 yellow ear corn, mostly unchanged to 1 cent lower, 1.16-1.25 per bu., most at 1.20-1.23, or 1.66-1.79 per 100 lbs, most at 1.71-1.73; No 2 oats, mostly unchanged to 1 cent lower, .66-.75, most at .69-.70; No 1 yellow soybeans, weak to mostly 2 cents lower, 2.18-2.23, most at 2.18-2.20.

CHICAGO

CHICAGO (AP) — (USDA)—Salable hogs 6,500; fairly active; generally steady to strong on butchers; instances 10-15 higher on weights under 240 lb; sows mostly steady; shipping outlet improved with additional late orders; mixed 2-3 190-230 lb butchers 17.75-18.00; few late 18.10; few lots No 3 down to 17.65; several lots 1-3 mostly 1-2 these weights 18.25; few lots mostly 1 200-220 lb 18.25-18.50; around 150 head at 18.50; No 2-3 240-260 lb 17.50-17.75; few lots No 1-2 240-250 lb at 17.85; few volume No 3 290-330 lb 17.00-17.50; larger lots mixed grade 350-500 lb sows 15.50-16.75; with few head under 300 lb to 17.00.

Salable cattle 2,500; calves 200; steers and heifers mostly steady; beef cows fully steady, while canners and cutters showing weaker tendency that prevailed on Wednesday; bulls active, strong to 25 higher; vealers steady; stockers and feeders unchanged; load of average to high prime 1068 lb steers 24.00-25.00; load 1225 lb weight and a package 1350 lb 24.00; most choice slaughter steers and yearlings 22.00-23.50; good 18.50-21.50; standard grades 16.00 - 17.00; few lots and high choice and low prime heifers 22.75-23.00; most choice heifers 21.00-22.50; good to low choice 18.75-20.50; standard to low good 16.25-18.50; utility and commercial cows 13.00-15.00; canners and cutters 10.50-13.00; utility and commercial bulls 15.00-16.75; cutter bulls 13.00-15.00; good and choice vealers 23.00-28.00; standard 14.00-22.00; culls 11.00 - 13.00; several load good and choice yearling stock steers 20.00 - 22.00; 600 lb weights included at outside price; good and choice steers calves 20.00-23.00.

Salable sheep 1,000; not enough done on any classes to fully test prices.

Budget-Cutters Eye Own Request

WASHINGTON (AP) — House Appropriations Committee members, who have been taking a generally dim view of agency requests for more money, are about to vote on such a special request for House committees.

House Clerk Ralph R. Roberts has asked $300,000 in supplemental committee funds for this fiscal year ending June 30.

Roberts said the committees are running out of the $1,400,000 originally voted them for the year.

"At the rate the committees are going," disbursing clerk Harry M. Livingston added, "they'll make still another request before the fiscal year is over."

Report Given On Stock Sale Here Wednesday

CATTLE—208 Head—Steers and heifers, good to choice 21-22.90, good 18-21; steers and heifers, commercial 16-18, utility 14-16; steers and heifers, canners and cutters 14 down; cows 8-15; bulls 14.50-17.

Motion Filed For Dismissal Of Court Appeal

Another legal move to have the controversial parking lot at the Pickaway County Courthouse completed has been made by Prosecutor William Ammer, representing the board of county commissioners.

The latest action to complete the half-finished job is a motion calling for dismissal of an appeal notice filed by Arthur Wilkin and William Hickey, who filed injunction petitions last November. Their move put a sudden stop on the parking lot construction project.

Work was halted after a temporary injunction was granted in common pleas court here. Later, the restraining order was dissolved following several hearings conducted by Judge Earl D. Parker of Pike County.

Wilkin and Hickey then made a counter-move, filing a notice with the court of appeals asking for review of the case.

* * *

ACTING on behalf of the county commission, Ammer's motion contends that Wilkin and Hickey failed to file briefs on their appeal within 50 days as required by law.

The parking lot was ordered constructed by the old board of commissioners which has undergone a change of personnel since that time. Harley Mace, now chairman of the board, is the only hold-over.

William Goode and Lyman Penn, defeated in the last election, were replaced by Wayne Hines and Clyde Michel. Up until now, the new commissioners have been reluctant to take action upon a problem which was forced into their lap.

George Van Camp, local contractor, holds two contracts amounting to $1,980 to build the parking site. At present he is awaiting word from the commissioners to resume construction.

Finances Subject At School Survey Discussion Tonight

The advisory council of the county-wide school survey will hold its sixth meeting tonight in the Saltcreek Township school at 8 o'clock.

School finances will be the discussion topic and finance data compiled by the school study will be related by Dr. William Chase, survey director.

The study of county schools is being made by the Center for Educational Research at Ohio University. It is carried on without charge to the county.

All survey discussion meetings are open to the public and attendence of area residents interested in county school conditions is welcomed.

County Receives Share Of Gas Tax

Pickaway County received $6,465 in April distributions of gasoline tax by the state according to state auditor James A. Rhodes.

The tax is allocated at the rate of $1 for each registered motor vehicle in the county. The distribution which is made to 143 Ohio cities and 775 villages is for the maintenance and repair of streets.

Total April distribution in the state amounted to $2,755,886. A similar distribution was made in February.

Officials Release Information On Local Lake Park Area

Information released by the Ohio Department of Natural Resources has revealed that $143,000 has been requested for recreational development at Pickaway County's Memorial Lake.

This amount represents the first budget request which will enable the state division of parks to start most essential development of a park area at the local lake site.

This request, for fiscal year, July 1, 1957-July 1, 1959, is part of the state's long range program which calls for a total of $330,750 to be spent here on park building and improvement.

The information, released by V. F. Flickinger, chief of Ohio's division of parks, was sent to Pickaway County Representative Ed Wallace who has been one of the prominent backers for a lake and park here.

A tentative breakdown on how the initial budget request will be spent is as follows:

* * *

RESIDENCE and service buildings, $26,000; latrine, $5,000; repair on residence, $5,000; auto equipment, $9,000; tables, stoves and cans, $10,000; tent camp, $15,000; roads, $30,000; parking, $15,500; docks, $3,000; power and telephone, $2,000; reforestation, $2,000; signs, $500; beach development, $25,000.

Initial planning for a lake site here got underway in 1945 when the old State Division of Conservation acquired 414 acres of land at a cost of $50,153. In 1947-48 the original dam was constructed at a cost of $192,000 by the old division.

However, the old dam was found to be faulty and it appeared that Pickaway County would not get its long-awaited memorial lake. However representative Wallace, along with several other far-sighted local sportsmen, never lost interest in the project.

In keeping their hopes alive, the local group made repeated visits to the governor and other state offices in an effort to get additional funds which would allow the lake area to be completed here.

Finally, after the lake site property was transferred from the old Division of Conservation to the new Division of Parks in 1949, more funds were appropriated for completion of the lake area.

In 1956, a sum of $211,000 was expended on repairs of the original dam and improvements on the spillway, making a total of $403,000 spent in getting the site in condition to safely hold water.

* * *

PRESENT plans call for the dam to impound approximately 179 acres of water at a maximum depth of 57 feet. According to division of parks master planning, the over-all park area will include about 372 acres.

The states proposed park program calls for improved beach areas, picnic grounds, boat docks, parking spaces, areas for cabins and planned wooded areas.

So far the state has not released any information on who will be selected to serve as park and lake supervisor. Several local residents reportedly have applications in for the job.

Heavy rains the past several weeks have proved to be a big boost in raising the lake bed to its intended water level. A measurement taken yesterday by local sportsman Bob Wolf showed that water was just one inch less than three feet from reaching the spillway. According to sportsmen here, when water reaches the spillway, the lake can be considered as being filled.

Spokesmen from the state wildlife division have reminded local anglers that good fishing at the lake will not come until about Fall of this year. So far about 40,000 smaller fish of several varieties have been stocked there, with more scheduled to be released early this Summer.

Deaths AND FUNERALS

MRS. H. B. GIVEN

Mrs. Winifred Baker Given of 146 W. Mound St. died Wednesday about 4:30 p. m. in Mt. Carmel Hospital, Columbus.

Mrs. Given was born in Athens County, O., the daughter of Willard and Lydia Cole Baker.

She was married in Norfolk, Va., September 19, 1906, to H. Bishop Given, who died 33 years ago.

Survivors include: a son, H. Bishop Given of Circleville Route 2; daughters, Mrs. Winifred Christy of Ft. Lauderdale, Fal., Mrs. Virginia Beach of Toledo and Mrs. Lydia Tresch of Marietta; 10 grandchildren and six great grandchildren.

Funeral services will be Saturday at 2 p. m. in the Defenbaugh Funeral Home.

Burial will be in Forest Cemetery.

Friends may call at the funeral home beginning 4 p. m. Friday.

ROBERT L. PENCE

Arrangements have been completed by Defenbaugh Funeral Home for Robert L. Pence, 3, who drowned Wednesday morning.

He was born May 25, 1953, the son of Charles and Mary Tatman Pence, who survive.

Also surviving are: nine brothers and sisters and two grandmothers, Mrs. Loie Tatman of Laurelville and Mrs. Mattie Pence of Circleville.

Funeral services were held this afternoon in Adelphi Methodist Church with the Rev. Richard McDowell officiating.

Burial was in Green Summitt Cemetery, Adelphi.

MRS. JOSIE HOLMES

Mrs. Josie Florence Holmes died this morning in the home of her daughter, Allie Rudd of Wayne Township.

Other children surviving are: Samuel Holmes, Gracie Cochran, Robert Holmes, Maggie Rudd and Calvie Holmes.

Mrs. Holmes was born December 12, 1886, in Pocahontas County, W. Va.

The body will be sent to Lewisburg, W. Va., for burial by the Defenbaugh Funeral Home.

HARRY HITCHCOCK

Harry Hitchcock, 65, died at his home at 349 E. Union St. today at 4 a. m. following an illness of four years.

Mr. Hitchcock was born in Stoutsville on Oct. 28, 1891, a son of Sherman and Almeida Hitchcock. On June 8, 1911, he was married to Grace Bope Hitchcock who survives. He was a member of Heidelberg Reformed Church.

Other survivors are as follows: three sons, Terry, Lemon Grove, Calif., Ned, Hamilton, and Gale, Detroit, Mich.; one daughter, Mrs. Myriam Wilson, Columbus; five half-brothers, Leslie Baird, Detroit, Mich., Gordon Baird, St. Petersburg, Fla., Ralph Baird, Galion, Arnett Baird, Mansfield, and Orin Silor, Columbus; two half-sisters, Mrs. Frank Drake, Stoutsville, and Mrs. Paul Kull, Marysville; and five grandchildren.

Funeral services will be held on Saturday at 2 p. m. in the Mader Funeral Home, with the Rev. Mr. Ross Gonser officiating.

Friends may call at the funeral home after noon Friday.

Teacher Pay Scale Varies Widely

CHICAGO (AP) — Some school teachers are paid two to three times as much as those in other cities simply because of wide differences in local pay rates, the American Federation of Teachers said today.

The federation's annual salary survey said starting salaries of grade or high school teachers with bachelor's degrees range from the national low of $2,000 a year in Fayetteville, Ark., to $4,674 in East Chicago, Ind.

Ike Tells Congress To Cut Soil Fund

WASHINGTON (AP) —President Eisenhower today told Congress it can cut $254 million from the $1,254,000,000 he asked to operate the soil bank program in the 12 months beginning July 1.

Presidential Press Secretary James C. Hagerty said that the change resulted from a detailed study of operations of the soil bank program which has just been completed.

These people have problems like yours

They're finding the answers together at a Dale Carnegie Class
You can be better than you are, in so many ways. Uncovering your real abilities is the task of the Dale Carnegie Course. Don't put off your progress! Decide now to gain richer rewards in business and social life. It has happened to thousands of Dale Carnegie graduates. It can happen to you, starting now.
You are invited to attend a Free Demonstration.

Syrians Fear Israel May Attack Nation

(Continued from Page One)

jat Tabbarah, who was given a long-term leave of absence.

Secret intelligence reports received by diplomats in London said the crisis between Hussein and Nabulsi reached a climax over the mission of President Eisenhower's special envoy, James P. Richards, now touring the Middle East. The reports said Hussein wants Richards to visit Amman and would like for Jordan to qualify for American aid under the Eisenhower Doctrine for halting further Communist penetration of the Middle East.

Nabulsi has declared publicly the Eisenhower plan has nothing to do with Jordan.

* * *

IN A SPEECH last Friday, Nabulsi said Jordan would "welcome every unconditional aid, whether it comes from the East or the West." But he added that if Richards "asked me as a representative of Jordan to sign a short statement that we have agreed to combat communism and that he would pay me 100 million dollars, then I would tell him 'no.' "

The U.S. State Department declined to comment officially on the developments in Jordan. But U.S. officials were encouraged by the resignation of the premier, a man they consider pro-Communist.

Mad Bomber Said Definitely 'Mad'

NEW YORK (AP)—George Metesky, the Mad Bomber, was not smiling Wednesday. Strapped on a stretcher at Kings County Hospital in Brooklyn, the usually beaming bachelor solemnly sucked on cough drops during a sanity hearing.

The man who eluded police for 16 years and planted a series of homemade bombs around the city was described by a psychiatrist as "an empty shell of a man and one of the most dangerous psychotics I've ever seen."

Dr. Albert LaVerne, senior psychiatrist at Bellevue Hospital, told Kings County Judge Samuel S. Liebowitz that Metesky, in his opinion, is not capable of understanding the charges against him.

Police Chief Warns Penalties Await Air Gun Violators

Circleville Police Chief Elmer Merriman warned that fast and severe penalties are waiting for anyone caught using air guns in the city.

"Somehow or other we have to go through this warning all over again every year," he said. "Each year we have to impress upon the kids—and also upon their parents—that using an air gun is a dangerous violation of city ordinance."

Merriman said an effort will be made this year to hold parents responsible to a greater degree if their children are caught usng the illegal guns. He pointed out that the nationwide policy in recent months has been to "put more of the blame where it really belongs—on the parents of kids who break the laws."

Sonic Boom Blamed

CEDAR CITY, Utah (AP)—A sonic boom was blamed today by residents of this southwestern Utah community for an explosion which shattered an estimated 100 windows. There were no injuries.

1-Room Schools Fade; Taxes Climb

WASHINGTON (AP) — The one-room country school is rapidly disappearing from the rural scene. But this does not mean that farmers are saving on school taxes.

Government surveys show that real estate and personal property taxes for 1956 will be about 5.1 per cent higher than a year earlier. They will total $1,204,000,000, which is equivalent to nearly 11 per cent of farmers' net income from agriculture last year. The bulk of the 1956 increase in these local taxes went to schools.

Dr. Geer Enters Plea Of Guilty

CELINA (AP) —Fairfield Count, Coroner Dr. Joseph A. Geer, in a surprise move today, pleaded guilty to 13 counts of "unlawfully making false prescriptions for narcotics."

Mercer County Common Pleas Judge Paul Dull accepted the plea and placed Dr. Geer on two years probation under the condition that he resign as coroner.

Tightening College Standards

A solution for a problem plaguing colleges and universities may be in sight. That problem is what to do about high school graduates who are eligible to enter college but do not have adequate grounding in certain subjects to make the grade.

Colleges have frequently found it necessary to give high school courses in the freshman curriculum to bail out these students.

When colleges are compelled to compete for students, they were willing to put up with this situation. But now that they are operating under a crushing enrollment, many college administrators question whether they should be obligated to carry the poorly prepared or below-average student.

President George Cross of the University of Oklahoma recently suggested that special preparatory courses be given during the summer to students who desire to attend the university but aren't properly prepared. He said a pilot program will be set up at OU this summer. If it works, he hopes all high school courses in the university's freshman curriculum can be dropped.

The virtue of this plan is that it would place the burden on the student. He would spend extra time and money to become prepared during the summer period when the university would not be using valuable space and instructors to provide what he should have learned in high school.

A summer school program concededly would interfere with students' plans to earn money for college. But a university, hard pressed to provide facilities for the talented and fully prepared students, could answer that this was a problem for the poorly-prepared to solve.

The OU move could be the initial step toward making colleges into colleges and not "finishing schools." Its outcome will be of interest elsewhere.

Arms A Handicap To This Man

By Hal Boyle

INDEPENDENCE, Kan. (AP)—When Dick Oliver has a job he wants to finish in a real hurry, the first thing he does is take off his left arm.

Although Dick is grateful to the government for buying him the arm, he explained:

"I can work faster without it."

He can, too. The one-armed, 38-year-old Navy veteran has just completed building his third home single-handed.

Dick, a construction clerk here for a cement company, can also answer the phone, type 65 words a minute. He drives his own car, buttons his clothing, ties his shoes and neckties, and is an expert marksman with either rifle or shotgun.

"Anything a man can do with two hands I can do with one," he said stoutly.

The story of Dick Oliver is the story of a man who refused to be handicapped by a handicap. In 1929 while on leave from the naval base at Pearl Harbor he was playfully jostling with some buddies on a railway platform at Topeka. He slipped, fell, and a passing train cut off his left arm above the elbow.

"It was on my 21st birthday—and some present," he recalled. "At first I felt lost and useless to myself. But after the first shock wore off I realized I was no different from anyone else. I still had a living to make."

Dick went back and finished high school, perfected his skill at typing with only one hand. But he felt an odd compulsion to prove that, despite the accident, he could do anything he turned his mind to.

He went to the Pacific Northwest and became a lumberman, felling the big trees. He worked in the farm equipment field, with an auto supply firm, even did a turn at radio announcing.

"Right now I'm studying civil engineering, and I think I'll stay with it. Engineering is something that has a changing problem every day."

Dick, happily settled in his new home with his pretty wife, Lorene, is now teaching his 10-year-old son, Gregg, how to be a baseball catcher.

"That is a little hard to do with only one hand," he admitted.

Here is how he feels about "handicaps" in life:

"It isn't a joke to lose an arm or leg, but if anyone who does will get over his sensitivity and learn to treat it as a joke, he'll get along better."

Dick, who built his $22,000, three-bedroom, two - bathroom home in about a year, figures he saved about $8,000 in labor costs by doing his own work.

In one way he feels having only one arm speeded up the job.

"I never had to worry about smashing a finger driving nails," he said, grinning.

Growing Taxes And The Future

By George Sokolsky

Taxes can only come out of the productivity of a people. The income tax is based upon the earnings of such productivity. The inheritance tax is based on the residue, the savings, the accumulation of such earnings.

The so-called capital gains tax is nothing more than a limited income tax intended to stimulate investment in commerce and stimulating and speculation and stock-market dishonesty which is now as bad as it has ever been in our history.

It makes very little difference what a tax is called or how it is operated; what does matter is that the reservoirs of capital are drying up, that small retail, wholesale and manufacturing enterprises have little opportunity to accumulate capital to advance themselves, that while the individual thinks he is better off because wages are high and his possession of things increases, actually the individual private debt is on the constant rise.

It is to be noted in this connection that two principal reasons for increased private debt, the sale of automobiles and the sale of kitchenware such as refrigerators and radio and television sets have not responded too well to the onslaught of the Spring buying season, probably for no better reason than that the market is saturated and there is no social compulsion to go further into debt.

Installment buying is really a form of savings in the sense that the article is purchased despite a shortage of cash, to be paid for during use. But in the squeeze between paying taxes and meeting obligations, the high wage earner discovers that what he thinks is money is not exactly what he thought it was.

A government can set any kind of budget it chooses, but the question of the law of diminishing returns sets in, and a government receives less money than anticipated to meet its obligations. Usually this can be covered up by various inflationary gimmicks. When it can no longer be covered up, a government finds itself in trouble, because the people refuse to pay taxes.

It needs to be remembered that the French Revolution started as a tax revolt. The American Revolution was a tax resistance movement. The Boston Tea Party was a direct action movement against taxes. In the Declaration of Independence, the bitterness over taxes emerges in the phrase:

"For imposing taxes on us without our consent:"

Section 8 of Article I of the Constitution limits taxation:

"The Congress shall have power to lay and collect taxes, duties, imposts and excises, to pay the debts. . .but all duties, imposts and excises shall be uniform throughout the United States;"

So distrustful were the Founding Fathers concerning taxes that the Constitution provided:

"All bills for raising revenue shall originate in the House of Representatives; but the Senate may propose or concur with amendments as on other bills."

It was the 16th Amendment to the Constitution, adopted in 1913, which altered the fiscal system of the American Government and the social character of the American people. The amendment reads:

The Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several states, and without regard to any census or enumeration."

The courts have defined income as the gain derived from capital, from labor, or from both combined, provided that it be understood to include profit gained through the sale or conversion of capital assets.

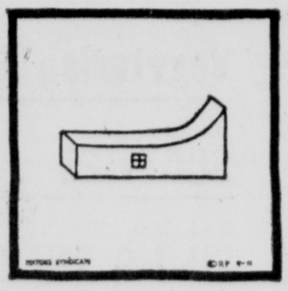
At first the income tax was used to increase the revenue of the government; during the Franklin Roosevelt Administration, and since, it has been used as an instrument for social change. Although in recent years, it was expected that the income tax would redistribute wealth, various financial gimmicks have been used to make it possible for those possessing inherited or accumulated wealth to conserve their assets to the disadvantage of those who are limited to earned wealth.

The collection of the income tax was at first generous and easy-going, with a recognition that the taxpayer would take every advantage of the law. Since the conviction of Al Capone on income tax frauds, the collection has grown so ferocious that one former Commissioner, T. Coleman Andrews, has been devoting himself to its denunciation. The worst characteristic of the income tax is that it encourages profligacy in administration and discourages enterprise among the people.

Why work if nothing can be kept?

DROODLES

By ROGER PRICE



"GARAGE FOR 1957 CAR"

After I thought of this Droodle I made a study of the 1957 Crop of Automobiles and I discovered that the lower the Cars get the higher the prices go. Which is fair enough when you stop to consider the money it costs the manufacturer to make these drastic changes. Do you realize the expenses involved in moving a Cigarette Lighter down three inches? Or how many millions of dollars are spent to streamline a Glove Compartment? Of course you don't. If you did you wouldn't complain about little unimportant things like Engine Knocks, Slow Pickup and Gas Consumption. After all, it's how a car looks that counts. With Traffic conditions the way they are today, who can drive?

New Idle Pay Claims Increase

COLUMBUS (AP) — New claims for unemployment compensation increased but continuing claims were reduced for the week of April 8, the Ohio Bureau of Unemployment Compensation reports.

New claims for the week totaled 9,304, compared with 8,396 the previous week. Continuing claims totaled 60,954, compared with 63,600 for the week ended March 30.

LAFF-A-DAY

"Where do I aim?"

DIET AND HEALTH

If Hearing Aid Is Noisy

By HERMAN N. BUNDESEN, M.D.

JUST as glasses aid those with sight difficulties, hearing aids help those with hearing troubles.

But those of you who do wear hearing aids may occasionally have difficulties with annoying noises. Frequently, this trouble can be blamed on your clothing.

Valuable Tips

In a recent issue, Better Hearing magazine gives some valuable tips on how to minimize such noises. I think these suggestions are worth passing on to those of you who might benefit from them.

You'll probably find that old and soft-fibered fabrics present relatively little if any noise interference.

On the other hand, such fabrics as nylon, cotton, broadcloth, denim, linen and starched materials are among the noisiest.

Snug Carrier

The best way to carry the hearing aid probably is in a snugly fitting carrier of soft material. Men can carry the aid under their shirt, women can carry it under the bodice of a dress.

Should you wear your aid in the pocket, be sure to hold it snugly in place with a clip. Don't carry anything else in the same pocket.

Corrosion on the battery terminals or a battery just about at the end of its normal life also may cause noise. Rubbing the terminals occasionally with fine sandpaper or a pencil eraser will help keep them bright and eliminate interference.

Frequent Cleaning

Cleaning the hearing aid every so often will help reduce friction noise. You can use ordinary household ammonia for this job.

If none of these measures eliminates annoying noises, you might do better with one of the new type aids worn entirely at the ear.

QUESTION AND ANSWER

M. M. S.: Is there anything that will help a person get rid of liver spots?

Answer: So-called liver spots or brown spots on the skin are really not due to any trouble with the liver.

Your physician should be consulted as to the most advisable method of removing such disfiguring blemishes.

Looking Back In Pickaway County

FIVE YEARS AGO

Mrs. Robert Young was elected president of the local Child Advancement Club.

Gordon N. Blake, 141 W. Franklin St., was selected for the Naval Reserve Officers Training Corp college program by the Bureau of Naval Personnel in Washington D. C.

Don Olney's three-over-par 75 paced Circleville High School golfers to victory in a triangular match with Chillicothe and Columbus North.

TEN YEARS AGO

Miss Mona Lee Hanley, student nurse at White Cross Hospital, Columbus, spent Easter weekend with her parents, Mr. and Mrs. Gerald Hanley, Watt St.

James, Yost was elected president of the local Rotary Club.

Virgil Phillips, Columbus, chief of district 5, was guest speaker at a special meeting held by Red Men here.

TWENTY-FIVE YEARS AGO

Continuous rainfall caused the Scioto River to raise six feet here.

Mrs. Tom Lake entertained many friends at a party held in her home on Elm Ave.

Karl Herrmann was a business visitor in Columbus.

Tennessee Ernie Booked At Fair

COLUMBUS (AP)—Ohio State Fair Manager D. Robert Jones has announced that Tennessee Ernie Ford, television and radio star, would be one of the headline attractions at the 1957 fair, which opens Aug. 23 for eight days.

Jones said Ford would give 10 performances in the grandstand beginning Sunday, Aug. 25.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

People who are anxious to cut down on their meat bill but not their meat should eat whale steaks, says a U. S. Fish and Wildlife service mammologist. Sounds like a pretty big idea!

Eight counties may secede from the Golden State. Might have to change that tune's title to "California, There They Go!"

A Michigan man whose house is partly in two countries, pays taxes in both. Now there's a fellow who's really in the middle.

We'd say that Italian who claims he can shave himself—from first razor scrape to applying the face lotion—in 43 seconds, leads a jumpy existence—always completing his morning whisker chore in the nick of time.

The French plan to spend 250 million bucks over five years to improve tourist facilities. That's rich bait to lure the Yankee dollar!

Colorado has a new law against horses running wild. Betcha Dollar Dennis says he can't even pick out one that can run at all.

The president of Indonesia has appointed himself to pick his country's new cabinet. So now, no matter what happens there shouldn't be too much criticism from the boss.

Twice during their annual banquet Lebanon, Ore., firemen had to leave the table to put out a blaze. That's enough to make anyone burn.

Try and Stop Me

By BENNETT CERF

A PERT YOUNG stenographer, used to riding the subway twice a day at the peak of the rush hour, was taken to her first ball game, and was particularly fascinated by the trio always around the home plate: batter, catcher, and umpire. Came inning number four, and she finally asked her companion, "Why does that man in the blue suit keep leaning over the shoulder of that fellow crouching? I don't see any newspaper."

* * *

In the middle of a near-hurricane, Mrs. Jones tapped nervously on the arm of her husband at the wheel and suggested, "Mightn't it be a good idea to stop and wipe the windshield?"

"Wouldn't do a bit of good," snapped Mr. Jones. "I left my glasses at home."

* * *

"What," inquired the studio psychiatrist, "are your pet aversions?" "None," answered the starlet heatedly. "I adore all pets."

Tightening College Standards

A solution for a problem plaguing colleges and universities may be in sight. That problem is what to do about high school graduates who are eligible to enter college but do not have adequate grounding in certain subjects to make the grade.

Colleges have frequently found it necessary to give high school courses in the freshman curriculum to bail out these students.

When colleges are compelled to compete for students, they were willing to put up with this situation. But now that they are operating under a crushing enrollment, many college administrators question whether they should be obligated to carry the poorly prepared or below-average student.

President George Cross of the University of Oklahoma recently suggested that special preparatory courses be given during the summer to students who desire to attend the university but aren't properly prepared. He said a pilot program will be set up at OU this summer. If it works, he hopes all high school courses in the university's freshman curriculum can be dropped.

The virtue of this plan is that it would place the burden on the student. He would spend extra time and money to become prepared during the summer period when the university would not be using valuable space and instructors to provide what he should have learned in high school.

A summer school program concededly would interfere with students' plans to earn money for college. But a university, hard pressed to provide facilities for the talented and fully prepared students, could answer that this was a problem for the poorly-prepared to solve.

The OU move could be the initial step toward making colleges into colleges and not "finishing schools." Its outcome will be of interest elsewhere.

Arms A Handicap To This Man

By Hal Boyle

INDEPENDENCE, Kan. (AP)—When Dick Oliver has a job he wants to finish in a real hurry, the first thing he does is take off his left arm.

Although Dick is grateful to the government for buying him the arm, he explained:

"I can work faster without it."

He can, too. The one-armed, 38-year-old Navy veteran has just completed building his third home single-handed.

Dick, a construction clerk here for a cement company, can also answer the phone, type 65 words a minute. He drives his own car, buttons his clothing, ties his shoes and neckties, and is an expert marksman with either rifle or shotgun.

"Anything a man can do with two hands I can do with one," he said stoutly.

The story of Dick Oliver is the story of a man who refused to be handicapped by a handicap. In 1929 while on leave from the naval base at Pearl Harbor he was playfully jostling with some buddies on a railway platform at Topeka. He slipped, fell, and a passing train cut off his left arm above the elbow.

"It was on my 21st birthday—and some present," he recalled. "At first I felt lost and useless to myself. But after the first shock wore off I realized I was no different from anyone else. I still had a living to make."

Dick went back and finished high school, perfected his skill at typing with only one hand. But he felt an odd compulsion to prove that, despite the accident, he could do anything he turned his mind to.

He went to the Pacific Northwest and became a lumberman, felling the big trees. He worked in the farm equipment field, with an auto supply firm, even did a turn at radio announcing.

"Right now I'm studying civil engineering, and I think I'll stay with it. Engineering is something that has a changing problem every day."

Dick, happily settled in his new home with his pretty wife, Lorene, is now teaching his 10-year-old son, Gregg, how to be a baseball catcher.

"That is a little hard to do with only one hand," he admitted.

Here is how he feels about "handicaps" in life:

"It isn't a joke to lose an arm or leg, but if anyone who does will get over his sensitivity and learn to treat it as a joke, he'll get along better."

Dick, who built his $22,000, three-bedroom, two-bathroom home in about a year, figures he saved about $8,000 in labor costs by doing his own work.

In one way he feels having only one arm speeded up the job.

"I never had to worry about smashing a finger driving nails," he said, grinning.

Growing Taxes And The Future

By George Sokolsky

Taxes can only come out of the productivity of a people. The income tax is based upon the earnings of such productivity. The inheritance tax is based on the residue, the savings, the accumulation of such earnings.

The so-called capital gains tax is nothing more than a limited income tax intended to stimulate investment in commerce and stimulating and speculation and stock-market dishonesty which is now as bad as it has ever been in our history.

It makes very little difference what a tax is called or how it is operated; what does matter is that the reservoirs of capital are drying up, that small retail, wholesale and manufacturing enterprises have little opportunity to accumulate capital to advance themselves, that while the individual thinks he is better off because wages are high and his possession of things increases, actually the individual private debt is on the constant rise.

It is to be noted in this connection that two principal reasons for increased private debt, the sale of automobiles and the sale of kitchenware such as refrigerators and radio and television sets have not responded too well to the onslaught of the Spring buying season, probably for no better reason than that the market is saturated and there is no social compulsion to go further into debt.

Installment buying is really a form of savings in the sense that the article is purchased despite a shortage of cash, to be paid for during use. But in the squeeze between paying taxes and meeting obligations, the high wage earner discovers that what he thinks is money is not exactly what he thought it was.

A government can set any kind of budget it chooses, but the question of the law of diminishing returns sets in, and a government receives less money than anticipated to meet its obligations. Usually this can be covered up by various inflationary gimmicks. When it can no longer be covered up, a government finds itself in trouble, because the people refuse to pay taxes.

It needs to be remembered that the French Revolution started as a tax revolt. The American Revolution was a tax resistance movement. The Boston Tea Party was a direct action movement against taxes. In the Declaration of Independence, the bitterness over taxes emerges in the phrase:

"For imposing taxes on us without our consent:"

Section 8 of Article I of the Constitution limits taxation:

"The Congress shall have power to lay and collect taxes, duties, imposts and excises, to pay the debts...but all duties, imposts and excises shall be uniform throughout the United States;"

So distrustful were the Founding Fathers concerning taxes that the Constitution provided:

"All bills for raising revenue shall originate in the House of Representatives; but the Senate may propose or concur with amendments as on other bills."

It was the 16th Amendment to the Constitution, adopted in 1913, which altered the fiscal system of the American Government and the social character of the American people. The amendment reads:

The Congress shall have power to lay and collect taxes on incomes, from whatever source derived, without apportionment among the several states, and without regard to any census or enumeration."

The courts have defined income as the gain derived from capital, from labor, or from both combined, provided that it be understood to include profit gained through the sale or conversion of capital assets.

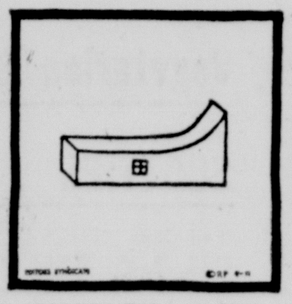
At first the income tax was used to increase the revenue of the government; during the Franklin Roosevelt Administration, and since, it has been used as an instrument for social change. Although in recent years, it was expected that the income tax would redistribute wealth, various financial gimmicks have been used to make it possible for those possessing inherited or accumulated wealth to conserve their assets to the disadvantage of those who are limited to earned wealth.

The collection of the income tax was at first generous and easy-going, with a recognition that the taxpayer would take every advantage of the law. Since the conviction of Al Capone on income tax frauds, the collection has grown so ferocious that one former Commissioner, T. Coleman Andrews, has been devoting himself to its denunciation. The worst characteristic of the income tax is that it encourages profligacy in administration and discourages enterprise among the people.

Why work if nothing can be kept?

DROODLES

By ROGER PRICE



"GARAGE FOR 1957 CAR"

After I thought of this Droodle I made a study of the 1957 Crop of Automobiles and I discovered that the lower the Cars get the higher the prices go. Which is fair enough when you stop to consider the money it costs the manufacturer to make these drastic changes. Do you realize the expenses involved in moving a Cigarette Lighter down three inches? Or how many millions of dollars are spent to streamline a Glove Compartment? Of course you don't. If you did you wouldn't complain about little unimportant things like Engine Knocks, Slow Pickup and Gas Consumption. After all, it's how a car looks that counts. With Traffic conditions the way they are today, who can drive?

New Idle Pay Claims Increase

COLUMBUS (AP) — New claims for unemployment compensation increased but continuing claims were reduced for the week of April 8, the Ohio Bureau of Unemployment Compensation reports.

New claims for the week totaled 9,304, compared with 8,396 the previous week. Continuing claims totaled 60,954, compared with 63,600 for the week ended March 30.

"Where do I aim?"

DIET AND HEALTH

If Hearing Aid Is Noisy

By HERMAN N. BUNDESEN, M.D.

JUST as glasses aid those with sight difficulties, hearing aids help those with hearing troubles.

But those of you who do wear hearing aids may occasionally have difficulties with annoying noises. Frequently, this trouble can be blamed on your clothing.

Valuable Tips

In a recent issue, Better Hearing magazine gives some valuable tips on how to minimize such noises. I think these suggestions are worth passing on to those of you who might benefit from them.

You'll probably find that old and soft-fibered fabrics present relatively little if any noise interference.

On the other hand, such fabrics as nylon, cotton, broadcloth, denim, linen and starched materials are among the noisiest.

Snug Carrier

The best way to carry the hearing aid probably is in a snugly fitting carrier of soft material. Men can carry the aid under their shirt, women can carry it under the bodice of a dress.

Should you wear your aid in the pocket, be sure to hold it snugly in place with a clip. Don't carry anything else in the same pocket.

Corrosion on the battery terminals or a battery just about at the end of its normal life also may cause noise. Rubbing the terminals occasionally with fine sandpaper or a pencil eraser will help keep them bright and eliminate interference.

Frequent Cleaning

Cleaning the hearing aid every so often will help reduce friction noise. You can use ordinary household ammonia for this job.

If none of these measures eliminates annoying noises, you might do better with one of the new type aids worn entirely at the ear.

QUESTION AND ANSWER

M. M. S.: Is there anything that will help a person get rid of liver spots?

Answer: So-called liver spots or brown spots on the skin are really not due to any trouble with the liver.

Your physician should be consulted as to the most advisable method of removing such disfiguring blemishes.

Looking Back In Pickaway County

FIVE YEARS AGO

Mrs. Robert Young was elected president of the local Child Advancement Club.

Gordon N. Blake, 141 W. Franklin St., was selected for the Naval Reserve Officers Training Corp college program by the Bureau of Naval Personnel in Washington D. C.

Don Olney's three-over-par 75 paced Circleville High School golfers to victory in a triangular match with Chillicothe and Columbus North.

TEN YEARS AGO

Miss Mona Lee Hanley, student nurse at White Cross Hospital, Columbus, spent Easter weekend with her parents, Mr. and Mrs. Gerald Hanley, Watt St.

James Yost was elected president of the local Rotary Club.

Virgil Phillips, Columbus, chief of district 5, was guest speaker at a special meeting held by Red Men here.

TWENTY-FIVE YEARS AGO

Continuous rainfall caused the Scioto River to raise six feet here.

Mrs. Tom Lake entertained many friends at a party held in her home on Elm Ave.

Karl Herrmann was a business visitor in Columbus.

Tennessee Ernie Booked At Fair

COLUMBUS (AP)—Ohio State Fair Manager D. Robert Jones has announced that Tennessee Ernie Ford, television and radio star, would be one of the headline attractions at the 1957 fair, which opens Aug. 23 for eight days.

Jones said Ford would give 10 performances in the grandstand beginning Sunday, Aug. 25.

You're Telling Me!

By WILLIAM RITT
Central Press Writer

People who are anxious to cut down on their meat bill but not their meat should eat whale steaks, says a U. S. Fish and Wildlife service mammologist. Sounds like a pretty big idea!

Eight counties may secede from the Golden State. Might have to change that tune's title to "California, There They Go!"

A Michigan man whose house is partly in two countries, pays taxes in both. Now there's a fellow who's really in the middle.

We'd say that Italian who claims he can shave himself—from first razor scrape to applying the face lotion—in 43 seconds, leads a jumpy existence—always completing his morning whisker chore in the nick of time.

The French plan to spend 250 million bucks over five years to improve tourist facilities. That's rich bait to lure the Yankee dollar!

Colorado has a new law against horses running wild. Betcha Dollar Dennis says he can't even pick out one that can run at all.

The president of Indonesia has appointed himself to pick his country's new cabinet. So now, no matter what happens there shouldn't be too much criticism from the boss.

Twice during their annual banquet Lebanon, Ore., firemen had to leave the table to put out a blaze. That's enough to make anyone burn.

Try and Stop Me

By BENNETT CERF

A PERT YOUNG stenographer, used to riding the subway twice a day at the peak of the rush hour, was taken to her first ball game, and was particularly fascinated by the trio always around the home plate: batter, catcher, and umpire. Came inning number four, and she finally asked her companion, "Why does that man in the blue suit keep leaning over the shoulder of that fellow crouching? I don't see any newspaper."

• • •

In the middle of a near-hurricane, Mrs. Jones tapped nervously on the arm of her husband at the wheel and suggested, "Mightn't it be a good idea to stop and wipe the windshield?"

"Wouldn't do a bit of good," snapped Mr. Jones. "I left my glasses at home."

• • •

"What," inquired the studio psychiatrist, "are your pet aversions?" "None," answered the starlet heatedly. "I adore all pets."

Jackson Township PTS Conducts April Meeting

Students Present Evening's Program

The third grade presented the devotional program, when the Jackson Township Parent-Teachers Society held its April meeting.

The group opened the session with the song "Easter" followed by the pledge to the flag, led by Billy Gibson. Willis Conley led the group in praying "The Lord's Prayer." Joy Welsh, Richard Rawlins and Elissa Evans presented "At Easter Time". An instrumental duet was presented by Ray Mowery and Jean Justus.

Following the reports of the secretary and the treasurer, the parent-present count was taken with the third grade being the winner.

Grades 1-6 will have an Easter party, with Mrs. George Mowery, Mrs. Lloyd Minor and Mrs. Ned Walker serving as the committee in charge.

Mr. John Keller, superintendent, presented National Honor Society pins to Myrna Gilmore, Beau Stevenson, Janet Swaney, George Bowling, and Delores McCloud.

Mr. Keller also presented spelling awards to Patsy Cornwell of the fifth grade; Nancy Stevenson, sixth grade; Linda Hinton, seventh grade; and Jeannie Walker, eighth. Miss Walker also received a special award for being Jackson's representative in the County Spelling Contest.

Mrs. Boyd Hines, chairman of the nominating committee, presented the following slate of officers: Miss Carolyn Fudge, president; Mrs. Ned Walker, vice-president; Mrs. Scott Radcliff, secretary; and Mrs. Charles Huston, treasurer.

Following the business meeting, Mrs. Gordon Anderson, home economics teacher, presented the girls of grades 7-12 in home economics, in a style review. These girls modeled skirts, jumpers, blouses and dresses, that they made this year.

Mrs. Anderson awarded Norma Follrod the Betty Crocker Homemaker Award.

The freshman and sophomore boys in FFA presented a dramatazation of the FFA Creed with Mr. Hillis Hall, FFA instructor, acting as narrator.

Following the program, refreshments were served in the cafeteria by Mr. and Mrs. Boyd Hines and their committee.

The refreshment committee for May will be: Mrs. Harold Fee, Mr. and Mrs. Scott Radcliff, Mrs. Glenn Holbrook, Mrs. James Holbrook, Mr. and Mrs. Lawrence Selby, Mr. and Mrs. Arthur Brooks, Mr. and Mrs. Willard Dudleson and Mrs. Mary Tomlinson.

12 Attend Meet Of Morris Aid

Ten members and two visitors attended the latest meeting of the Morris Evangelical United Brethren Ladies Aid, which was held in the church.

Mrs. Carl Anderson, president, opened the meeting by reading the scripture lesson.

Reports were given and an invitation was read from Emmitts Chapel to attend their May 1 meeting at 2 p. m.

Monthly committees were appointed for visiting the sick and aged.

The meeting closed with prayer, offered by Maxine Poling, Evland England and Dortha Anderson.

Refreshments were served by Mrs. Durbin Alien and Mrs. Roy England. The table was decorated in keeping with the season.

Table Manners Tell Lot About Gals' Other Habits

Ever hear of a ham sandwich spoiling a romance ?It has happened.

The sandwich was bought for a gal by a beau who had taken her out—but never to dine. Then came a lunch date and the ham sandwich that removed the romantic gleam from his eye. She wolfed it down like a vacuum cleaner. He was fascinated but in a shocked sort of way.

It goes to prove that table manners talk. They tell a great deal about a gal.

In your case, what do they say? Do they give a date the impression that you are dainty, feminine, well brought up?

It is important, as they say, to use the right fork, to eat slowly, to manage difficult dishes, such as corn-on-the-cob or spaghetti, with ease. But table manners involve other things, too.

For example, there is the way you look when dining. Some gals with weak backbones hunch over the table, resting on elbows. As shown above, a date's view of this seems to be all arms when what should come into focus is a clear, unobstructed view of a pretty face.

When not eating, it is proper to rest one elbow lightly on the table, but, when dining, the hand you are not using belongs in your lap.

Watch your posture at table, too. Sit tall and straight, with feet neatly together. Do not, as some girls do, wrap your feet around the chair legs.

If you are a smoker, be graceful about it. Do not smoke during the meal. If you light a cigarette later, flick ashes in the ash tray, never, never in the saucer. That is a sloppy habit, one a man is sure to view dimly.

Beware of greasy lipsticks that leave big red imprints on cups and glasses. Lipstick-smudged china is on most men's pet peeve list.

When it comes to make-up, you may pat on powder or refresh your lipstick at table. Haircoming, applying mascara and other complicated cosmetic routines are out. For the full facial treatment, head for the powder room.

Table manners, like any other kind, are mainly a matter of sense. Still, if you need brushing up, look into an etiquette book. It is all there!

Top Designers Choose Favorite Easter Costumes

Easter shoppers are having a field day this Spring, dazzled by the wide variety of silhouettes, fabrics and colors available in suits and costumes, uncertain about which of the many brand new hat fashions will be most unmistakably 1957. To help out on that annual Easter quandary, some of New York's top designers pick their favorites among seasonal outfits for north, south, east and west.

The favorite among all designers polled is the light gray featherweight wool suit or costume for wear in the north and east on Easter Sunday, with similar outfits in silk tweed, linen or crepe for the south. For the west, most designers lean toward pastel silk suits or costumes.

Ben Zuckerman, master of the tailleur, suggests a white tweed suit as right for the Atlantic seaboard — light-weight, with jacket worn open to show a dotted silk blouse. He wants no part of big, heavy hats, prefers a small hat of fabric to match the blouse, untrimmed leather pumps, white cotton gloves.

Mollie Parnis, Mrs. Eisenhower's favorite dressmaker, recommends the three-way value of a short jacket costume such as dress and bolero, which may be worn under a coat if the weather is cold—black-and-white pin-check wool is her fabric choice.

Lilly Dache picks for the northeast the light gray worsted suit with slim, peg-top skirt and straight jacket, worn with a beige blouse and an off-white hat of felt or pique in a turned-up shape with some width, with gray or beige ribbon trim—beige gloves, white flower for lapel, brown shoes and bag. For wear in the south she suggests a white organdie shirtwaist dress with big white hat, turquoise bag and jewelry.

Karen Stark of the firm of Harvey Berin likes tissue tweed in a jacket-and-dress costume, effective in gray-and-black pin-check, with a white linen collar on the jacket, a small shiny black hat on the head, and in the hand a furled umbrella with a bouquet on the handle. For the south she leans toward a dotted silk crepe dress and bolero.

Nebraska Grange Meet Attended By 28 Members

Worthy Master Everett Beers called the regular meeting of the Nebraska Grange to order with twenty-eight members present.

Mrs. Russell Hedges, chairman of the home economics committee, announced the dress contest for the year to be an afternoon garment, in a straight one piece style.

A call for blood donors for the month of April was made. This is one of the phases of the Grange work in community projects.

The Pickaway County Youth with their leader Don Delong, won the District meet in competition with Ohio State degree team. The County Youth Drill Team gave an excellent demonstration of their work before an audience of two hundred at the Star Grange.

Members were reminded of the struggle to save the National Grange building in Washington D. C. Federal planners are trying to replace it with an executive office building. The Grange headquarters has enabled rural America to take its place with business and labor in the public interest.

The Grange opened its meeting in the first degree to receive new members and honor them with degrees of the order. They were; William LaRue, Wilbur Mast, Markus Dresbach, Charles Crites and Lucille J. Kroetz.

April 16, at 8 p. m. the Grange will open to confer the third and fourth degree on the new members.

Ladies Auxiliary Installs Officers

The Ladies Auxiliary to the VFW Post 3331 held installation of officers recently in the post room.

The following were installed: Mrs. Clara Fuller, president; Mrs. Viola Reed, senior vice-president; Mrs. Doris Shepherd, junior vice-president; Miss Margaret Justus, treasurer; Mrs. Georgia Timmons, secretary; Mrs. Dora Inbody, conductress; Mrs. Evelyn Rush, patriotic instructor and Mrs. Rosemary Arledge, guard.

Reports were given and an invitation was read from Emmitts Chapel to attend their May 1 meeting at 2 p. m.

Monthly committees were appointed for visiting the sick and aged.

The meeting closed with prayer, offered by Maxine Poling, Evland England and Dortha Anderson.

Refreshments were served by Mrs. Durbin Alien and Mrs. Roy England. The table was decorated in keeping with the season.

Table Manners Tell Lot About Gals' Other Habits

Ever hear of a ham sandwich spoiling a romance ?It has happened.

The sandwich was bought for a gal by a beau who had taken her out—but never to dine. Then came a lunch date and the ham sandwich that removed the romantic gleam from his eye. She wolfed it down like a vacuum cleaner. He was fascinated but in a shocked sort of way.

It goes to prove that table manners talk. They tell a great deal about a gal.

In your case, what do they say? Do they give a date the impression that you are dainty, feminine, well brought up?

It is important, as they say, to use the right fork, to eat slowly, to manage difficult dishes, such as corn-on-the-cob or spaghetti, with ease. But table manners involve other things, too.

For example, there is the way you look when dining. Some gals with weak backbones hunch over the table, resting on elbows. As shown above, a date's view of this seems to be all arms when what should come into focus is a clear, unobstructed view of a pretty face.

When not eating, it is proper to rest one elbow lightly on the table, but, when dining, the hand you are not using belongs in your lap.

Watch your posture at table, too. Sit tall and straight, with feet neatly together. Do not, as some girls do, wrap your feet around the chair legs.

If you are a smoker, be graceful about it. Do not smoke during the meal. If you light a cigarette later, flick ashes in the ash tray, never, never in the saucer. That is a sloppy habit, one a man is sure to view dimly.

Beware of greasy lipsticks that leave big red imprints on cups and glasses. Lipstick-smudged china is on most men's pet peeve list.

When it comes to make-up, you may pat on powder or refresh your lipstick at table. Haircoming, applying mascara and other complicated cosmetic routines are out. For the full facial treatment, head for the powder room.

Table manners, like any other kind, are mainly a matter of sense. Still, if you need brushing up, look into an etiquette book. It is all there!

Top Designers Choose Favorite Easter Costumes

Easter shoppers are having a field day this Spring, dazzled by the wide variety of silhouettes, fabrics and colors available in suits and costumes, uncertain about which of the many brand new hat fashions will be most unmistakably 1957. To help out on that annual Easter quandary, some of New York's top designers pick their favorites among seasonal outfits for north, south, east and west.

The favorite among all designers polled is the light gray featherweight wool suit or costume for wear in the north and east on Easter Sunday, with similar outfits in silk tweed, linen or crepe for the south. For the west, most designers lean toward pastel silk suits or costumes.

Ben Zuckerman, master of the tailleur, suggests a white tweed suit as right for the Atlantic seaboard — light-weight, with jacket worn open to show a dotted silk blouse. He wants no part of big, heavy hats, prefers a small hat of fabric to match the blouse, untrimmed leather pumps, white cotton gloves.

Mollie Parnis, Mrs. Eisenhower's favorite dressmaker, recommends the three-way value of a short jacket costume such as dress and bolero, which may be worn under a coat if the weather is cold—black-and-white pin-check wool is her fabric choice.

Lilly Dache picks for the northeast the light gray worsted suit with slim, peg-top skirt and straight jacket, worn with a beige blouse and an off-white hat of felt or pique in a turned-up shape with some width, with gray or beige ribbon trim—beige gloves, white flower for lapel, brown shoes and bag. For wear in the south she suggests a white organdie shirtwaist dress with big white hat, turquoise bag and jewelry.

Karen Stark of the firm of Harvey Berin likes tissue tweed in a jacket-and-dress costume, effective in gray-and-black pin-check, with a white linen collar on the jacket, a small shiny black hat on the head, and in the hand a furled umbrella with a bouquet on the handle. For the south she leans toward a dotted silk crepe dress and bolero.

Nebraska Grange Meet Attended By 28 Members

Worthy Master Everett Beers called the regular meeting of the Nebraska Grange to order with twenty-eight members present.

Mrs. Russell Hedges, chairman of the home economics committee, announced the dress contest for the year to be an afternoon garment, in a straight one piece style.

A call for blood donors for the month of April was made. This is one of the phases of the Grange work in community projects.

The Pickaway County Youth with their leader Don Delong, won the District meet in competition with Ohio State degree team. The County Youth Drill Team gave an excellent demonstration of their work before an audience of two hundred at the Star Grange.

Members were reminded of the struggle to save the National Grange building in Washington D. C. Federal planners are trying to replace it with an executive office building. The Grange headquarters has enabled rural America to take its place with business and labor in the public interest.

The Grange opened its meeting in the first degree to receive new members and honor them with degrees of the order. They were; William LaRue, Wilbur Mast, Markus Dresbach, Charles Crites and Lucille J. Kroetz.

April 16, at 8 p. m. the Grange will open to confer the third and fourth degree on the new members.

Ladies Auxiliary Installs Officers

The Ladies Auxiliary to the VFW Post 3331 held installation of officers recently in the post room.

The following were installed: Mrs. Clara Fuller, president; Mrs. Viola Reed, senior vice-president; Mrs. Doris Shepherd, junior vice-president; Miss Margaret Justus, treasurer; Mrs. Georgia Timmons, secretary; Mrs. Dora Inbody, conductress; Mrs. Evelyn Rush, patriotic instructor and Mrs. Rosemary Arledge, guard.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: Our son is 11, an only child; and we love him sincerely and want him to grow into a good citizen. I can't imagine our lives without him: he has brought us so much.

We adopted Larry when he was 4; and he knows this, though we don't discuss it unless he brings it up; or unless we take opportunity to say how much we wanted him. We took him from an orphanage, that he passes enroute to the school he attends. Some of his classmates live at the orphanage—a lovely place, staffed by fine people.

At first Larry did well in school, in studies and social relations; but he has slipped on both scores this past year and now he hates school. He has been spanked and disciplined at school for such infractions as sticking children with pins, shooting paper wads, indifference to class work, etc. The teacher says he isn't working up to capacity.

We've always assumed blame for his shortcomings, as we feel such difficulties stem from the home, and it is the parents' job to help the child, first, last and always. But the teachers who deplore his attitudes feel we are doing a good job, and that he has a hidden problem that none of us fathoms.

In the last two or three years, when things go wrong at home or at school, Larry has said "You don't care what happens to me" and-or "I'm going to run away." At first the shock was awful, and we've discussed it many times. We feel he is testing his security in relation to us, and believe me, we've tried to make him feel secure.

Could he be thinking he is hurting those parents who gave him up? Or does he really want to strike at us?

V. F.

DEAR V.F.: As first-hand observers, you are all pretty densely uncomprehending of Larry's problems, whatever they are. I will suggest a few ideas to pursue, that may shed light on what's wrong and how to correct it.

1. The gifted child soon becomes a bored child, hence a poor student and ofttimes a trial to associates, if stupidly confined to the dull plodding pace of mediocre-to-middling students who populate the average class. Possibly this is Larry's difficulty. Maybe he is a potentially "exceptional" child on the score of intelligence, who has a superior capacity to learn and achieve.

Check this possiblity via an IQ and general aptitude test given by psychological specialists.

2. On the other hand, Larry may be handicapped by certain obscure impediments to learning. For example, faulty eyesight; or partial deafness; or the so-called "reading disability," in which the child's inborn tendency is to read from right to left on a page; and to see letters reversed—as "was" for "saw," etc.

If diagnosed, such obscure ailment may be overcome—by proper therapy, and readjusted class assignments.

3. Children derive security from parents who are secure in themselves; who solidly take for granted that the life they are giving their children is worthwhile, and that they are worthy parents who don't have to knock themselves out, proving their love or appeasing the child's disgruntled reactions to sometimes thorny reality.

It seems to me that you, as parents, have been anything but secure, inwardly, in your dealings with Larry. You've been sentimental, saccharine and anxious, rather than strong and sure in responding to his tests of your quality. Thus perhaps he has a right intuition that he lacks a real relationship with you—since he can't be your child, satisfactorily (from his view), if you aren't maturely organized parents. Perhaps this is what he's trying to convey. So, look into this possibility, too—getting specialist guidance from a psychiatrist or Family Service counsellor.

Eisenhower Likes British 'Courage'

WASHINGTON (AP) — President Eisenhower said Wednesday he admires Great Britain's courage and nerve in deciding to put its military program on new look, streamlined basis.

Eisenhower was asked at his news connerence to comment on such British decisions as the conclusion that the home islands cannot be adequately defended against atomic attack.

Asked about the impact of those decisions on other North Atlantic Treaty countries. Eisenhower replied there is no question that Britain's new program has disturbed some NATO nations.

But he went on to say that Britain has had a hard time in recent years—has had an heroic row to hoe in trying to keep its economic nose above water.

Derby

The Woman's Society of Christian Service of Derby Church will meet Thursday, April 18 in the home of Mrs. Esther Musselman. She will be assisted by the April division.

* * *

Mrs. George Rice, former Barbara Spangler, has left for Georgia, where she will join her husband, who is stationed there with the armed forces.

* * *

Mrs. Nell Bauhan had as dinner guests, Mrs. Lou Bauhan, Mr. Vinnie Bauhan, Miss Pearl Deyo, Mrs. Ella Southward and Mrs. Lizzie Edwards.

* * *

Mrs. Lou Bauhan, Mrs. Jennie Hoskins, Mrs. Amanda Hill, Miss Anna Mitchell and Mrs. Lee Tracy attended the Lazarus birthday party, Columbus.

* * *

Miss Grace and Miss Dorothy Minshall visited in the home of Mrs. Clara Hornbeck, near London. The occasion was to celebrate the 90th birthday of Mrs. Alice Horn. Approximately 35 guests attended.

Presley Likened To Golden Calf

PHILADELPHIA (AP) — Rock 'n' roll idol Elvis Presley has been likened to the golden calf.

The description was that of Rev. W. Carter Merbreier, pastor of St. Matthew's Lutheran Church and an observer for the Police Department's juvenile aid bureau at Presley's engagement here.

"Even though the gesticulations of Elvis Presley are unquestionably suggestive and possibly even immoral, the condemnation must lie with those who have by their adoration made him the golden image," he declared.

He condemned the 'idiotic parents" of the "nervous giggling girls" who accosted him backstage and brashly "kissed the hand that shook the hand" of Elvis.

100 Hindus Drown

BOMBAY, India (AP)—More than 100 Hindu pilgrims drowned Wednesday when two boats capsized in the Godavari River near Bhadrachalam in Andhra State.

Ohio Youth Held In Traffic Death

CARLYLE, Ill. (AP)—A Pomeroy, Ohio, youth, charged with an auto theft that led to the death of Clinton County, Ill. sheriff Dan Parker, has been turned over to Madison County (Ill.) authorities.

The youth, Orville K. Landers, 17, who officers said was AWOL from Ft. Knox, Ky., is charged with stealing an auto in Richmond Monday. Parker, 57, was killed in a two-car collision while he was chasing the stolen auto, police said. Landers was arrested in a barn a mile from the abandoned stolen car.

Grain Measuring Unit May Change

WASHINGTON (AP) — The bushel may be on its way out as a unit for measuring grain.

Both American and Canadian governments as well as trade groups in both countries are pushing moves to measure grains by the hundredweight instead. The U. S. Agriculture Department has made a study of the matter and will report its recommendations to the American Feed Manufacturers Assn. in Chicago May 1.

Confusion in the use of the bushel arises in part out of the fact that it is not a uniform unit in all countries using it and also because of the fact that there is great variation in the weight of a bushel of various grains.

New York Sailor Marries German Dancer in Dayton

DAYTON, Ohio (AP)—When the SS America docked in Bremerhaven, Germany, two years ago, ship steward Bernard Andrada went ashore for some fun. At a night club he met danver Margo Hassler.

They were married Tuesday in Dayton, after a stymied romance and with the help of a kindly judge.

"He asked me to marry him that first night," explains Margo, in fairly good English. "But I tell heem, I think it over a couple of years. Now we are married. Strange?"

Judge Cecil Edwards married the couple in his court Tuesday, but he never knew all that led to the simple ceremony. Bernard, a New Yorker and native of the Philippine Islands, travels on the America between New York and Bremerhaven. It is a 15-day round trip with about a one-day stop in Bremerhaven.

Each time the ship docked, Bernard was off seeing Margo. But the lack of time looked as if it might strangle Cupid.

Then Margo decided to come to the United States to visit her sister, a GI war bride who is Mrs. Carl Beason of nearby Vandalia.

Naturally, she came on the America and in the seven days aboard ship, love had a chance to breathe.

Margo came to Vandalia and Bernard was off again to Bremerhaven. When he returned to New York, he decided it was time for a vacation, so he headed for Vandalia and Margo. He proposed again, and again Margo thought it over.

Finally she decided "Yes," and then came the problems. They couldn't get married in Germany because "they hang you out for 14 days." That means publishing notice of the wedding, and Bernard never spent enough time in Germany to be "hung out" that long.

He has to be aboard ship in New York this weekend, so a New York wedding was out. Dayton was the only possibility.

Margo, Bernard and Mrs. Beason went to the Safety Building here Monday. The first man they met was Judge Edwards. They explained their problem to the judge, who promised quick action. And quick it was. A Probate Court ruling cut the red tape, and within 24 hours Margo was Mrs. Andratta.

Margo will sail home on the America. The couple plan to splice a honeymoon between Bernard's work hours.

"Nobody over there knows about this," says Margo. "They'll really be surprised. My daddy almost give up on me getting married. When he asked me, I tell him 'never'."

"One reason I want to get married," she continued, "is to get back in this country." It will take almost five months for Margo to get her reentry papers. While waiting, she plans to continue her dancing career in Bremerhaven, and she'll only be able to see Bernard for one day out of every 16.

But things will improve when she returns to this country. Then she can be with him three days out of every 18.

Ohio Solons Shun Vendors' Discount

COLUMBUS (AP)—The House Taxation Committee Wednesday refused to restore a two per cent vendors' discount in a substitute bill providing for an end to sales tax stamps in Ohio.

The restoration proposal sponsored by the Ohio Council of Retail Merchants lost on a vote of 12-4. Discounts allowed vendors last year totaled $4,356,000.

The committee agreed to double a proposed fee allowed county clerks of court for collecting the tax on motor vehicle sales to yield counties about $600,000 a year.

The amendment increased the fee to one per cent.

Tenement Blast Kills Cincy Woman

CINCINNATI (AP) — Miss Mary Persinger, 40, died Wednesday of burns received in a fire which followed an explosion in her tenement home.

The three-story brick building was damaged so badly that City Building Inspector Don Hunter ordered it demolished. Families living four nearby tenement buildings were ordered evacuated during the operation.

State Aide Booted

COLUMBUS (AP)—John Caraway, state highway maintenance superintendent of Blue Creek, Adams County, has been suspended for 30 days beginning May 8, the Highway Department notified the state Civil Service Commission Wednesday.

Dublin Mayor To Be Feted In Cleveland

CLEVELAND (AP) — Cleveland's Irish and Jewish civic leaders today welcome The Right Honorable Robert Briscoe, lord mayor of Dublin.

The 63-year-old mayor, who is touring the United States to raise funds for Jewish refugees and to promote investment of American capital in Irish industry, will arrive by plane. He will fly back to Chicago tomorrow.

Mayor Anthony J. Celebrezze will present him with a key to the city. At John Carroll University he will receive an honorary doctor of laws degree.

Briscoe's major appearance will be at a dinner meeting of the 1957 Jewish Welfare Fund Appeal in Hotel Statler. He is to speak on the overseas work of the United Jewish Appeal.

Born in a Dublin suburb of a Lithuanian mother and German father, Briscoe has maintained that "there is no need for such excitement" over the fact that a Jew has been named mayor of the overwhelmingly Irish Catholic city. He says:

"I definitely consider myself the Irish mayor of an Irish city. The fact that I am Jewish is an interesting sidelight and a wonderful comment on the Irish people."

New York Sailor Marries German Dancer in Dayton

DAYTON, Ohio (AP)—When the SS America docked in Bremerhaven, Germany, two years ago, ship steward Bernard Andrada went ashore for some fun. At a night club he met danver Margo Hassler.

They were married Tuesday in Dayton, after a stymied romance and with the help of a kindly judge.

"He asked me to marry him that first night," explains Margo, in fairly good English. "But I tell heem, I think it over a couple of years. Now we are married. Strange?"

Judge Cecil Edwards married the couple in his court Tuesday, but he never knew all that led to the simple ceremony. Bernard, a New Yorker and native of the Philippine Islands, travels on the America between New York and Bremerhaven. It is a 15-day round trip with about a one-day stop in Bremerhaven.

Each time the ship docked, Bernard was off seeing Margo. But the lack of time looked as if it might strangle Cupid.

Then Margo decided to come to the United States to visit her sister, a GI war bride who is Mrs. Carl Beason of nearby Vandalia.

Naturally, she came on the America and in the seven days aboard ship, love had a chance to breathe.

Margo came to Vandalia and Bernard was off again to Bremerhaven. When he returned to New York, he decided it was time for a vacation, so he headed for Vandalia and Margo. He proposed again, and again Margo thought it over.

Finally she decided "Yes," and then came the problems. They couldn't get married in Germany because "they hang you out for 14 days." That means publishing notice of the wedding, and Bernard never spent enough time in Germany to be "hung out" that long.

He has to be aboard ship in New York this weekend, so a New York wedding was out. Dayton was the only possibility.

Margo, Bernard and Mrs. Beason went to the Safety Building here Monday. The first man they met was Judge Edwards. They explained their problem to the judge, who promised quick action. And quick it was. A Probate Court ruling cut the red tape, and within 24 hours Margo was Mrs. Andratta.

Margo will sail home on the America. The couple plan to splice a honeymoon between Bernard's work hours.

"Nobody over there knows about this," says Margo. "They'll really be surprised. My daddy almost give up on me getting married. When he asked me, I tell him 'never'."

"One reason I want to get married," she continued, "is to get back in this country." It will take almost five months for Margo to get her reentry papers. While waiting, she plans to continue her dancing career in Bremerhaven, and she'll only be able to see Bernard for one day out of every 16.

But things will improve when she returns to this country. Then she can be with him three days out of every 18.

Ohio Solons Shun Vendors' Discount

COLUMBUS (AP)—The House Taxation Committee Wednesday refused to restore a two per cent vendors' discount in a substitute bill providing for an end to sales tax stamps in Ohio.

The restoration proposal sponsored by the Ohio Council of Retail Merchants lost on a vote of 12-4. Discounts allowed vendors last year totaled $4,356,000.

The committee agreed to double a proposed fee allowed county clerks of court for collecting the tax on motor vehicle sales to yield counties about $600,000 a year.

The amendment increased the fee to one per cent.

Tenement Blast Kills Cincy Woman

CINCINNATI (AP) — Miss Mary Persinger, 40, died Wednesday of burns received in a fire which followed an explosion in her tenement home.

The three-story brick building was damaged so badly that City Building Inspector Don Hunter ordered it demolished. Families living four nearby tenement buildings were ordered evacuated during the operation.

State Aide Booted

COLUMBUS (AP)—John Caraway, state highway maintenance superintendent of Blue Creek, Adams County, has been suspended for 30 days beginning May 8, the Highway Department notified the state Civil Service Commission Wednesday.

The World Today

By James Marlow

WASHINGTON (AP) — George Magoffin Humphrey, onetime businessman and now secretary of the Treasury, is not the only one in the Eisenhower administration who talked big about economy and got a bigger dose than he could stand.

Another is Sinclair Weeks, onetime businessman and now secretary of commerce.

Earlier this year, in the midst of the confusion within the administration whether the President's budget could or should be cut, Weeks took a strong position on the side of the President, who considers his budget fairly tight.

Weeks defended the budget. He said it was designed to carry out the Republican program of "peace, prosperity and progress." By March 17 he was taking a bold stand for slashing the budget. In a TV interview that day he said:

"The thing that scares me" about the handling of the record peacetime budget of 72 billion dollars "is that . . . they will add to it instead of subtracting."

In a generous mood he suggested Congress could start cutting by whacking 50 million dollars off the money asked for his Commerce Department. But two days later Rep. Preston (D-Ga), a member of the House Appropriations Committee, had something to say.

He accused Weeks of double-talk. Said Preston:

"He's saying one thing to the TV audience for public consumption and another thing to the Appropriations Committee . . .(He) is supporting every handout . . . every subsidy. He said he couldn't find any places to cut his budget. We're going to show him how it can be done."

And the House did. It chopped $217,800,000 off the 871½ millions Weeks wanted for the Commerce Department. Now Weeks is appealing to the Senate to restore at least $78,892,940 of it.

The record of Weeks' testimony before the House committee shows he said: "I am just saying in a general way that I am for economy."

But it's Humphrey who made far and away the biggest noise about budget-cutting without ever getting around to saying where. Whatever it was he wanted, he got more than he wanted.

On Jan. 16 he said "we will have a depression that will make your hair curl" unless the federal government cuts its spending over the years ahead. That was the day Eisenhower sent his budget to Congress. And Humphrey added:

"I think there are lots of places in the budget that can be cut."

Humphrey's remarks on a depression got startled, nationwide attention. So he later explained he does not really anticipate a depression and saw no signs of one in the next 18 months.

But where could Congress make those budget cuts he mentioned?

He's never said. And on Jan. 24, one day after he testified before the House Appropriations Committee, its chairman, Rep. Cannon (D-Mo) told reporters of Humphrey's testimony.

Said Cannon: "We're just as much at sea as before we heard him. He didn't point out where we could cut the budget one cent."

One Democrat described Humphrey's performance as a "complete flipflop." Another said Humphrey had "just ducked and twisted and said he had no recommendations at all."

But the House took Humphrey at his word —just as it took Weeks at his — that there could be cuts. It knocked 22 million dollars off Humphrey's request for $691,457,000 to run the Treasury another year.

This was too much for Humphrey. The Senate now has to pass on Humphrey's money request for the Treasury. So he wrote the Senate, asking that eight million of the 22 million taken away from him be restored.

Even with the 22 million reduction, Humphrey would still be getting more money to spend than he had last year.

Write-In Mayor Candidate Backed

EAST LIVERPOOL, Ohio (AP)— The East Liverpool Municipal League has drafted Frederick P. Lawrence to run for mayor as a write-in candidate on the GOP ticket in the May primaries.

Lawrence was foreman of the grand jury which last year indicted seven police officers and two special officers in a police burglary scandal here.

He will be opposed by E. Allan McKeever, former mayor, and James Stone, a former clothing store salesman.

Judge Says Photograph Is Illegal

AKRON, Ohio (AP) — An Akron Beacon Journal photographer, Bill Hunter, was ordered Wednesday by Judge Clande V. D. Emmons to destroy a photograph he took in common pleas court during the murder trial of Louis T. Johnson, 27, of Youngstown.

The judge said he told the photographer pictures could be taken when the judge was not on the bench. Hunter, he said, apparently believed he would be allowed to take photographs as long as they did not include the judge.

Johnson is on trial for the fatal shooting on Thanksgiving eve of Coburn Von Gunten, Akron industrialist. The jury visited North Howard Street where Von Gunten was slain in his automobile.

LeRoy Keith, 42, who police say fired the bullets that killed Von Gunte, is now held in New York for the slaying there last December of a taxi driver. Johnson and Joseph Reinthaler, 17, are charged with conspiring with Keith in the slaying.

2 Houses Jolted

BIRMINGHAM, Ala. (AP) — Explosions, believed to have been caused by dynamite, damaged two houses in a white neighborhood Wednesday night. Neighbors said the houses recently had been sold to Negroes.

Judge Says Photograph Is Illegal

AKRON, Ohio (AP) — An Akron Beacon Journal photographer, Bill Hunter, was ordered Wednesday by Judge Clande V. D. Emmons to destroy a photograph he took in common pleas court during the murder trial of Louis T. Johnson, 27, of Youngstown.

The judge said he told the photographer pictures could be taken when the judge was not on the bench. Hunter, he said, apparently believed he would be allowed to take photographs as long as they did not include the judge.

Johnson is on trial for the fatal shooting on Thanksgiving eve of Coburn Von Gunten, Akron industrialist. The jury visited North Howard Street where Von Gunten was slain in his automobile.

LeRoy Keith, 42, who police say fired the bullets that killed Von Gunte, is now held in New York for the slaying there last December of a taxi driver. Johnson and Joseph Reinthaler, 17, are charged with conspiring with Keith in the slaying.

2 Houses Jolted

BIRMINGHAM, Ala. (AP) — Explosions, believed to have been caused by dynamite, damaged two houses in a white neighborhood Wednesday night. Neighbors said the houses recently had been sold to Negroes.

New Nerve-Jarring Weapon Studied

NEW ORLEANS (AP)—A team of scientists, including Dr. George W. Knox of Ohio State University, believe they may have found a nerve-wracking war weapon in nothing more than a beam of light. They are working at Tulane University on a series of tests to determine the effects of flickering lights on men weary with night battle.

As Dr. Knox explains it, the flashing lights could cause drowsiness, dizziness, temporary amnesia, lack of stability, and, in some cases, hypnotic-like trances. Experiments have been going on for three years, but no definite conclusions have been reached yet.

Soviet Halts Debt Payment

Russian People Told Of Individual Loss

MOSCOW (AP)—The Soviet government is stopping the payment of either principal or interest on 260 billion rubles lent to Moscow by Soviet citizens. And Nikita Khrushchev has told the people they can expect no payments for the next 20 or 25 years.

The money has been collected over the last 20 years in state loans taken from the people's wages through deductions.

The sum amounts to 65 billion dollars at the official exchange rate.

Khrushchev also said that effective in 1958 there will be no more annual loan drives. During these drives Soviet citizens have been contributing each year up to one month's pay in return for the bonds.

Anticipating a skeptical attitude abroad to this measure, Khrushchev declared:

"The capitalist merchant who would cut his father's throat for one-half per cent of profit will never understand this. He will never understand the soul of the Soviet people. He will never believe you are doing this of your own free will. He will read the papers and say they have intimidated the workers and peasants into accepting this measure.

Stopping repayments and interest in effect may mean confiscation of the money, since the circumstances prevailing 20 years from now cannot be foreseen. In December 1947 the face value of all state bonds was cut in half and the interest rate on them, paid in the form of lottery winnings, reduced from four to two per cent.

Wright Brothers Mural Getting Nod

COLUMBUS (AP)—Ohio's lawmakers are getting set to honor two Daytonians, Orville and Wilbur Wright, with a state Capitol mural depicting their first successful flight at Kittyhawk, N. C., nearly 54 years ago.

A bill authorizing the mural passed the Senate Wednesday and now goes to the House. Sponsored by Sen. Lowell Fess (R-Greene), the measure carries no appropriation, but if the House approves the painting, an appropriation probably will be inserted.

Original estimates said the mural might cost about $25,000, but Senate Majority Leader C. Stanley Mechem told the Senate that an unnamed serviceman artist in Dayton might execute the painting for $1,000 and expenses.

Antioch Ups Fees

YELLOW SPRINGS (AP)—Tuition will be increased by $200 at Antioch College in the 1958-59 school year, it was announced Wednesday. Students were told that rising costs were responsible.

Legion Chieftain Asks Aid For Vets

GREENSBURG, Pa. (AP)—W. C. Daniel, national commander of the American Legion, told some 400 Legionnaires that he favors economy in government but not at the expense of this country's veterans.

Speaking at a dinner in nearby Manor, Daniel declared:

"We heard so much talk these days about the high cost of our veterans' program and about economy in government. I say to you quite frankly that I am for economy in government, but not at the expense of those who have faced enemy snipers and protected the rights and freedoms and the liberties and privileges of all our people."

Tornado Flips Big Truck Easily

WALLACE, S.C. (AP) — Truck driver David A. Petty of Reidsville, N.C., was taking his tractor-trailer truck through here when a tornado hit recently.

He said the giant rig was lifted off the road, flipped over and set back down r its wheels.

Petty reported that a truck driver following his vehicle said it was so high above the highway that he could have driven under it.

Weeky Food Review

By THE ASSOCIATED PRESS

A varied selection of meat and fish items will give housewives a chance to do some real bargain-hunting in grocery stores this weekend.

Chuck roast and pot roast seem to be the most popular beef items chosen by store marketing experts, but other meats such as veal, lamb and pork also will be featured in many places. In addition, chickens are still gaining in numbers, along with turkeys, so both types of fowl also can be expected to grace many a dinner table this Sunday.

Fish specialties vary somewhat across the country.

Eggs are reported two to four cents more expensive this week, balancing last week's similar drop.

Heavy supplies of new potatoes are in prospect to add to a March 1 carryover of last fall's potatoes one-fifth larger than the carryover a year earlier.

That big carryover of fall potatoes puts them back in the outstanding buy category this week, produce men say, along with storage carrots.

The new potatoes from Southern fields, and Idaho's baking potatoes, are rated as good buys. So are sweet potatoes, beans, asparagus, new cabbage, broccoli, celery and storage onions.

Oranges and grapefruit rate as the best bet at most fruit counters.

Air Pacts Let

DAYTON (AP) — Air Force contracts totaling $57,035,639 have been awarded 13 different firms, Air Materiel Command at Wright-Patterson Air Force Base announced Wednesday.

City Garages Said Taxable

COLUMBUS (AP)—Cities must pay real estate taxes on parking garages they operate, the State Board of Tax Appeals says.

The decision came in a case involving the Long Street Parking Garage in downtown Columbus. Columbus officials requested exemption from taxes for the 1956 tax year.

Taxes amounted to about $11,000 a year based on a tax valuation of $471,000.

Sewer Building Project Awaits Land Access

According to Dewey Speakman, city service director, Circleville's long-awaited Northend sewer project will get underway as soon as property easements are settled with local landowners.

"Negotiations are now being conducted with landowners in an effort to gain access for the proposed big sewer construction job," Speakman said.

"Once these easements are settled, we will advertise for bids on the job," Service Director Speakman said. Barring unforeseen difficulties, work will begin immediately after the contract is let, he added.

The proposed line will start on W. Main St. near the Norfolk and Western Railroad and run north to a point near the city corporation line where it will cross Route 23 and extend eastward into several new housing additions in that area. Present plans call for a central pumping station to be constructed in the Ted Lewis Park area.

* * *

THE NEW sewer line promises much-needed relief for Northend residents who are victims of the city's present inadequate drainage system in that section of Circleville.

During recent heavy rainfall here, the city service department received many complaints from that area on flooded basements and streets. It is hoped the new sewer line will put an end to all this trouble, Speakman said.

Columbus Cop Named Sheriff

COLUMBUS (AP) — A 48-year-old career policeman has been selected as Franklin County's new sheriff. Stacey Hall a detective lieutenant on the Columbus police force, takes over the county post Monday when the resignation of Sheriff Ralph J. Paul becomes effective. Paul resigned because of his wife's failing health and because the job is too "strenuous."

TV Commercials Said Not Many

CHICAGO (AP)—Television viewers will not agree, but a board set up by the industry to monitor commercials says very few stations exceed a prescribed time allowance for advertising.

G. Richard Shafto, chairman of the television code review board, claims only 271 of 8,000 programs checked exceeded the allowance.

"Of the stations monitored," Shafto declared, '90 per cent of the violations were found on only one fourth of these stations." Shafto, speaking to the National Assn. of Radio and Television Broadcasters, did not identify the stations.

Chillicothe VA Aide Gets Honor

CHILLICOTHE (AP)—The National Assn. for Mental Health has announced that Thomas A. Coleman, employed at the Chillicothe Veterans Administration Hospital as a psychiatric nursing assistant, will be the recipient of its psychiatric aid achievement award for 1956.

Coleman, a Bataan "Death March" survivor, has been a nursing assistant at the hospital since August, 1946.

His selection was based on accomplishments in improving on the ward care of hospitalized veterans during the past year. The award is to be presented as the highlight of the Chillicothe VA's annual observance of Hospital Day Sunday, May 5.

Annexation Set

LORAIN (AP)—Lorain has moved to annex 2,000 acres of land to its west, including the site of a big assembly plant Ford Motor Co. is building. Thirty-seven owner-residents of property in the acreage petitioned Lorain County commissioners to annex the land to Lorain.

Weeky Food Review

By THE ASSOCIATED PRESS

A varied selection of meat and fish items will give housewives a chance to do some real bargain-hunting in grocery stores this weekend.

Chuck roast and pot roast seem to be the most popular beef items chosen by store marketing experts, but other meats such as veal, lamb and pork also will be featured in many places. In addition, chickens are still gaining in numbers, along with turkeys, so both types of fowl also can be expected to grace many a dinner table this Sunday.

Fish specialties vary somewhat across the country.

Eggs are reported two to four cents more expensive this week, balancing last week's similar drop.

Heavy supplies of new potatoes are in prospect to add to a March 1 carryover of last fall's potatoes one-fifth larger than the carryover a year earlier.

That big carryover of fall potatoes puts them back in the outstanding buy category this week, produce men say, along with storage carrots.

The new potatoes from Southern fields, and Idaho's baking potatoes, are rated as good buys. So are sweet potatoes, beans, asparagus, new cabbage, broccoli, celery and storage onions.

Oranges and grapefruit rate as the best bet at most fruit counters.

Air Pacts Let

DAYTON (AP) — Air Force contracts totaling $57,035,639 have been awarded 13 different firms, Air Materiel Command at Wright-Patterson Air Force Base announced Wednesday.

Actress Gets Last Laugh

Theater Owner's Wife Doing OK In Play

By BOB THOMAS

HOLLYWOOD (AP) — A lovely young actress named Marjorie Steele is nightly enjoying the last laugh on the Doubting Thomases of this town.

Miss Steele is appearing in "Cat on a Hot Tin Roof"—and doing a whale of a job—at the Huntington Hartford Theater. The reason for her special satisfaction: She is Mrs. Huntington Hartford.

"A lot of people were saying Hunt built the theater just for me," she laughed, indicating such was not the case.

In justice to the scoffers, it did seem likely. Hartford, heir to grocery chain millions, sunk a million dollars into making over an old radio theater into a showcase theater for the legit. Meanwhile, his wife was attempting to gain a name for herself on the stage after an extremely minor achievement as a film starlet.

But Marjorie fooled them all. She played summer stock and won herself enough experience to tackle bigtime audiences. Her first hit was in the London company of "Sabrina Fair," in which she drew rave notices.

Elia Kazan, a cool customer for acting talent, chose her to succeed Barbara Bel Geddes in Tennessee Williams' "Cat." Marjorie filled out the New York run and has been drawing plaudits on the road tour.

I asked her why she continued pursuing an acting career when she could easily retire to the comfortable life of a millionaire's wife.

"I'm often asked that," she mused. "Why do actors have to act? I suppose there are four basic urges: Money—that's the most common need; sex — the younger ones hope to find a mate; fame—that helps satisfy the ego; and, well—art.

"I guess with me, art is the thing that drives me on. It's a real satisfaction to be able to build a role and hold an audience with a performance. It's a challenge that I feel I must have."

Elephant's Antics Lead To Settlement

CLEVELAND (AP)—A Minnesota man, who filed suit for $106,500 because an elephant threw him in the air with his trunk, Wednesday accepted an out of court settlement from the elephant's owners.

Otto Nygren of Fergus Falls, Minn., accepted the settlement from Anthony Diane, the Buckeye Circus Corp., and the Diamond O Ranch, all of Canton. The amount was not disclosed.

Nygren said the elephant tossed him in the air last June 17 at Breckenridge, Minn. He said he found the elephant pulling things out of his parked car, and when he tried to put them back the elephant attacked him.

Darbyville

Mr. and Mrs. Glenn Messmore and family of Circleville, Mr. and Mrs. Jack Collins and family and Emma Messmore all of Columbus visited for an afternoon with Mrs. Myrtle Collins.

• • •

Mr. Donald Grabill of Columbus spent several days visiting his parents, Mr. and Mrs. Howard Grabill.

• • •

Mr. and Mrs. Charles Huffer and daughter Trudy Lynn of Circleville visited Mr. and Mrs. Cleve Huffer.

• • •

Mr. and Mrs. Raymond Hulse and daughter Roxanne visited an afternoon in Columbus.

• • •

Mr. and Mrs. Ernest Ankrom and family, Mrs. Bill Ankrom and children, Mr. and Mrs. Charles Allison and son of Circleville and Mr. and Mrs. Don Rasor and family and Mr. and Mrs. John Fleming and children of Columbus visited Mr. and Mrs. Roy Ankrom.

Bad Memory Gets Boy In Bad Trouble

DAYTON, Ohio (AP)—Belatedly, 9-year-old Charlie Martin remembered his father's admonition "never get into a car with a stranger" and it caused quite a bit of excitement in the Trotwood area Wednesday.

It really started Tuesday when Charlie's mother failed to awaken him in time to catch the school bus. He lives in a rural area and goes to school at Trotwood, some nine miles west of here.

This morning, Charlie made the bus. But all the way to school the other youngsters ribbed him about his absence, and told him he would have to go to court. He wanted no part of that, and upon arrival at school he headed back home on foot.

On the way a woman motorist stopped and offered him a ride. Once inside the car, he remembered what his father had told him about never riding with strangers.

He asked the woman to stop, but while the car was still moving Charlie opened the door and rolled out and down an embankment, toward a creek. The driver of another car saw Charlie roll out and reported to the sheriff's office.

Soon a squad of deputies and Trotwood police, along with a group of citizens, were scouring the rural area's woods and fields, and searching along the creek.

The search party was still at work when Charlie's dad spotted him walking toward home. The father notified the school and word was relayed to the search party.

Deputy Sheriff William Newshaw said Charlie's belated memory was a good one for youngsters to carry. Charlie's dad agreed, and his mother said she'll be sure to get him up on time from now on.

Clevelander Killed

CLEVELAND (AP)—Dead on arrival at St. Luke's Hospital Wednesday night was Stanley F. Koperna, 29, Cleveland who apparently shot himself accidentally while cleaning a .22 caliber rifle.

Mental Chief's Status Clarified

COLUMBUS (AP)—Dr. C. Earl Albrecht, who has been running the department of mental hygiene and correction for the last six months, became qualified for the title "acting director" only last Feb. 15, according to Atty. Gen. William Saxbe.

Dr. Albrecht could not formally assume the acting directorship, Saxbe said, because he had not lived in Ohio one year until Feb. 15, 1957 and therefore was not a qualified elector. Dr. Albrecht came to Ohio from Alaska.

The technicality apparently will have no affect on his salary. Dr. Albrecht draws $18,000 a year.

Now Uncle Sammy Taking His Share

NEW YORK (AP) — Theodore Nadler, the $70-a-week St. Louis clerk who has amassed $152,000 in television quiz show winnings, started handing over a big chunk of it to Uncle Sam this week.

He wrote a check for $29,700 as a first payment on his federal income tax. He said he figures his 1957 state and federal income tax already stands at $81,000.

Nadler boosted his total take to $152,000 Sunday night. He may appear on the program again to try to win more if a qualified challenger shows up.

He asked the woman to stop, but while the car was still moving Charlie opened the door and rolled out and down an embankment, toward a creek. The driver of another car saw Charlie roll out and reported to the sheriff's office.

Soon a squad of deputies and Trotwood police, along with a group of citizens, were scouring the rural area's woods and fields, and searching along the creek.

The search party was still at work when Charlie's dad spotted him walking toward home. The father notified the school and word was relayed to the search party.

Deputy Sheriff William Newshaw said Charlie's belated memory was a good one for youngsters to carry. Charlie's dad agreed, and his mother said she'll be sure to get him up on time from now on.

Clevelander Killed

CLEVELAND (AP)—Dead on arrival at St. Luke's Hospital Wednesday night was Stanley F. Koperna, 29, Cleveland who apparently shot himself accidentally while cleaning a .22 caliber rifle.

Mental Chief's Status Clarified

COLUMBUS (AP)—Dr. C. Earl Albrecht, who has been running the department of mental hygiene and correction for the last six months, became qualified for the title "acting director" only last Feb. 15, according to Atty. Gen. William Saxbe.

Dr. Albrecht could not formaliy assume the acting directorship, Saxbe said, because he had not lived in Ohio one year until Feb. 15, 1957 and therefore was not a qualified elector. Dr. Albrecht came to Ohio from Alaska.

The technicality apparently will have no affect on his salary. Dr. Albrecht draws $18,000 a year.

Now Uncle Sammy Taking His Share

NEW YORK (AP) — Theodore Nadler, the $70-a-week St. Louis clerk who has amassed $152,000 in television quiz show winnings, started handing over a big chunk of it to Uncle Sam this week.

He wrote a check for $29,700 as a first payment on his federal income tax. He said he figures his 1957 state and federal income tax already stands at $81,000.

Nadler boosted his total take to $152,000 Sunday night. He may appear on the program again to win more if a qualified challenger shows up.

Herb Score Looks Like Top Indian Star

Cleveland Southpaw Shows His Stuff In Limiting Giant '9'

By THE ASSOCIATED PRESS

Southpaw Herb Score looks like a million bucks. He may be the new ace of the Cleveland Indians' pitching staff.

Bob Lemon has been just so-so on the exhibition circuit. Early Wynn is unable to get going because of a hip injury and Mike Garcia has been no sensation the pas two seasons.

Score set a big league strikeout record for rookies in 1955 (245) and a 20-9 won-lost record and 263 strikeouts last season.

The Boston Red Sox offered a million dollars for him last March 18 but were turned down by Hank Greenberg, Indians' general manager.

Wednesday night, Score turned in his best effort of the spring. He gave up only two singles and fanned seven in a seven-inning stint as Cleveland whipped the New York Giants 4-1. Willie Mays accounted for the Giants' lone run by hitting a home run off Don Mossi in the eighth inning.

Pete Burnside was the victim of the Indians' four-run first inning. He gave up five walks a two-run single by George Strickland.

Another fine pitching job was turned in by Don Drysdale of Brooklyn. He went nine innings as the Dodgers blanked the Braves 5-0. He permitted on four safeties and only one Brave got as far as second base. Randy Jackson walloped a two-run home run for the winners.

The New York Yankees trounced Savannah of the Sally League 8-4.

Gus Triandos collected four hits as the Baltimore Orioles defeated the Chicago Cubs 7-3.

Sherman Lollar blasted a three-run homer that carried the Chicago White Sox to a 9-7 triumph over the St. Louis Cardinals. Ron Northey and Larry Doby also connected for the Sox.

Rip Coleman and Jack Urban, both acquired from the Yanks since the close of last season, combined to pitch Kansas City to a 4-2 triumph over Little Rock of the Southern Assn.

In other games, Ted Williams and Dick Gernert each hit for the circuit to lead the Boston Red Sox to a 6-3 victory over the Philadelphia Phillies; rookie Johnny Powers slammed a 10th-inning homer to give the Pittsburgh Pirates a 3-2 nod over the Detroit Tigers; and Don Hoak had three hits and two stolen bases as the Cincinnati Redlegs downed the Washington Senators 6-2.

Ford, Snead Head Greensboro Field

GREENSBORO, N. C. (AP)—Doug Ford and Sam Snead, winner and runnerup, respectively, in the Masters tournament at Augusta, Ga., four days ago, headed a field of about 130 today in the first of four rounds in the $15,000 Greensboro Open golf tournament.

They've been "masters" here, too, over the years.

Between them they have accounted for the last three Greensboro titles and Snead has won the tournament six times.

Seixas Gaining

SAN JUAN, Puerto Rico (AP)—Vic Seixas, Philadelphia, moved through the second round of an international tennis tournament, Wednesday, defeating Barry MacKay, Dayton, Ohio, 6-2, 6-2.

Hawks Face Crucial Tilt In Pro Series

ST. LOUIS (AP) — The scrappy St. Louis Hawks have their backs to the wall in the National Basketball Assn. title playoff with the Boston Celtics. But that's a familiar position for St. Louis.

The Hawks have been doing it the hard way all season in their rise from last place at the All-Star game break to contention for the $10,000 first prize.

Boston, favored but forced twice to rally to deadlock the series, owns a 3-2 edge in their series.

The dazzling Celtics, one of the most powerful scoring clubs in NBA annals, can win its first NBA playoff championship tonight. If they lose, the 7th game will be played in Boston Saturday.

The eastern champs, far in front with a 44-28 season record, are not overconfident — they know the hawks are hard to keep down.

"We've had our back to the wall all season," declared St. Louis coach Alex Hannum. "We can win if we get the rebounds."

Despite the phenominal shooting of Bob Pettit of the Hawks and the great Celtic backline of Bill Sharman and Bob Cousy, rebounds have told the story.

Through the five games with St. Louis, the Celtics have averaged 68 recoveries to 57 for the Hawks.

Baseball Meet Slated Sunday At High School

Another step will be taken in planning for the coming Kid baseball season here Sunday when Charles Waple, Ted Lewis Park recreational director, will conduct an organizational meeting at Circleville High School.

The meeting is set for 2 p. m. in room 111 which is on the second floor. Persons planning to attend are asked to enter the building by the southwest door on Corwin St.

Waple stressed that he still needs about five managers to fill out this year's list. Baseball enthusiasts interested in leading a team are urged to attend Sunday's meeting.

The recreation director also reported that at least two more teams are needed to complete a County Babe Ruth League (ages 13, 14, 15). Teams entered so far are Circleville, Ashville and Stoutsville.

Teams from any part of the county are invited to join this loop. Entry fees will be set up by team managers and Waple at a league meeting.

Umpires for games this year will be Warren Grover and Roger Bennington.

Lucas Honored

NEW YORK (AP)—Jerry Lucas, 6 foot 9 junior at Middletown, Ohio, has been named the outstanding player on an all-star high school basketball team selected by Scholastic magazines, the national education weeklies.

SPORTS

Tigers Open Baseball Season With 6-2 Win Over Chillicothe

Finally getting in their first game of the season Circleville high's baseball Tigers came through in fine style yesterday, defeating Chillicothe 6 to 2 at Ted Lewis Park.

The victory was paced by the accurate pitching of Mike Hosler and Don Rowland. Hosler starting for the locals, allowed only one hit in five innings and Rowland gave up three bingles in two innings.

The CHS pitching was exceptional for so early in the year. Hosler did not walk a man, although he hit one, in five innings, and Rowland walked only one in two innings.

Defensively, were just as sharp, with probably the fielding play of the game coming in the fifth inning when Chillicothe threatened a rally. With a man on first and one out, Cal Ellis grabbed Cummings' hot grounder and turned it into a double play to get the locals out of trouble.

* * *

CHILLICOTHE scored first in their half of the second inning. A Circleville error put a runner on first and then Sheridan's double to right put the visitors ahead, 1-0.

Circleville tied it up in the bottom of the second when back-to-back singles by Dick Banks and Ray Phifer put runners on first and third with none out. Greenlee's infield grounder scored Banks with the first run.

Circleville put the game on ice in the fourth when they scored four runs. Four bases on balls, a critical Chillicothe error and pinch-hitter John Wright's infield single were the highlights of the inning. Wright's single came with Phifer and Rowland on base and sent both of them across the plate.

The visitors' last run came in the sixth, when Don Rowland got into trouble by getting bases loaded with none out. He finished strong, however, and got out with only one run being counted against him.

The last Tiger run came in the bottom of the sixth when John Wright led off with a single, stole second, and then went to third and home on two infield grounders.

Coach Dick Boyd said he used both Hosler and Rowland because he wanted to have them ready to go at Hillsboro Friday. Hosler struck out five and Rowland four yesterday.

"Our pitching will be in for a lot of work this week," Coach Boyd remarked. In addition to Friday's game at Hillsboro, the Tigers have a doubleheader at Athens on Saturday. Duane Dean and Joe Adkins, both listed as relief pitchers, will probably see action Saturday.

Ohioan Sparkles As Featherweight

MIAMI, Fla. (AP) — Davey Moore, 23, a minister's son from Springfield, Ohio, earned himself a spot among the featherweight boxing title contenders Wednesday night when he pounded his way to an easy decision over Gil Cadilli.

It was Moore's first big chance as a pro fighter and he grabbed at it eagerly. He was on top of Cadilli, the seventh-rated contender from San Francisco, at the opening bell and never lost command of the fight.

Performing for the first time before a television audience, Moore won lopsided votes from all three officials. Judge Jerry Sherrard and referee Petey Sarron each gave him a 98-93 vote. Judge Sam Margolis scored it 99-93.

Ellwood Signed As Dover Coach

DOVER (AP) — Frank Ellwood, quarterback and co-captain of the Ohio State football team last season, will return to Dover High School, his alma mater, as a coach next fall.

Ellwood, who will be graduated from OSU Aug. 30, will be assistant football, basketball and track coach, effective Aug. 20.

High Water Curbs Fishing Prospects

COLUMBUS (AP)—The Ohio Division of Wildlife, in its weekly report descirbes fishing conditions for next weekend as "rather poor."

Virtually all streams throughout the state are high and muddy, the division said. While some of the inland lakes are in fair condition, heavy rains and snow during the last week will raise them considerably. As a result, fishing will be rather poor.

Ashville Posts 7-3 Win Over Hamilton Twp.

Ashville won its opening game of the season yesterday, beating Hamilton Township, 7 to 3, on the Ashville diamond.

Walt Myers led Bronco hitters with three-for-three, including a double. Teammate Bill Neal collected two bingles.

Dick Hoover, a junior, pitched the full game, allowing only five hits and fanning seven.

The Broncos go after their second victory today when they meet the Tigers of Walnut Township.

Line scores are as follows:

Hamilton 1 0 0 2 0 0 0
Ashville ..... 1 1 1 2 0 2 x

Juliano, Mallon, Tucker and Essig;

Hoover and Bartholomew and Rathburn.

Ted Williams Lists Stars Of Baseball; Omits Himself

NEW YORK (AP)— When Ted Williams talks baseball he shows he is a fine analyst and a great judge of talent.

The veteran slugger, after a two-week tour of the West Coast with the Red Sox, was talking about some of the players he had seen.

"I didn't see any new pitchers in California or Arizona who impressed me," Williams said, "although Cleveland did seem to have a couple of good ones. But what that club needs are hitters, not pitchers. They're rich in those fellows. They've got the best one in the league in Herb Score.

"I used to think Hal Newhouser was the best lefthander I'd ever faced. But I think Score is going to be better. He's got more stuff than Hal ever had.

Who did he regard as the top five pitchers in the league?

"Start with Score," he said. "Then comes Billy Pierce, Bob Lemon, Whitey Ford and Frank Lary, in that order. I've been pretty lucky with Score but he's still great. Ford's been real rough on me. So has Pierce. Early Wynn is another good pitcher. So are Billy Hoeft, Chuck Stobbs, Johnny Kucks. They're all good.

"Bob Turley should be better than he is. His fast ball is really alive. What's the matter with Don Larsen. He's got everything it takes to be a great pitcher. But I see where he's been having a rough time of it this spring. Is he behaving himself? I'd like to talk to that fellow. He's a real nice guy, you know, but he just dosen't seem to care, it's too bad. I really think I could help him."

What about the five best hitters?

"I'll name you three who stand heads and shoulders above the rest," Ted said. "Mickey Mantle, Al Kaline and Harvey Kuenn. One of those three is a sure thing to win the batting title. Nobody else will be close. After them I'd have to say Bill Skowron and Harry Simpson. Maybe Vic Power.

"Al Smith's a good hitter. So's Charlie Maxwell. Berra? Yogi's one of the most dangerous hitters in the league but he's no average hitter. I'll still bet the 1957 batting champ will be either Mantle, Kaline or Kuenn."

There are some who wouldn't mind wagering a sou or two on Theodore Samuel Williams.

Worst Retains 3-Cushion Title

CHICAGO (AP) — Harold Worst, 28-year-old champion from Grand Rapids, Mich., easily retained his three-cushion billiards crown in a challenge match with Joe Chamaco, Mexico City.

In his first defense since he won the title in 1954 at Buenos Aires, Worst took 14 out of 20 blocks from Chamaco in a 1,200-point series that closed last night.

Worst piled up 1,200 points to 1,021 by Chamaco, who won the final two blocks, in 1,130 innings. The champion average 1.06 billiards per inning.

Herb Score Looks Like Top Indian Star

Cleveland Southpaw Shows His Stuff In Limiting Giant '9'

By THE ASSOCIATED PRESS

Southpaw Herb Score looks like a million bucks. He may be the new ace of the Cleveland Indians' pitching staff.

Bob Lemon has been just so-so on the exhibition circuit. Early Wynn is unable to get going because of a hip injury and Mike Garcia has been no sensation the pas two seasons.

Score set a big league strikeout record for rookies in 1955 (245) and a 20-9 won-lost record and 263 strikeouts last season.

The Boston Red Sox offered a million dollars for him last March 18 but were turned down by Hank Greenberg, Indians' general manager.

Wednesday night, Score turned in his best effort of the spring. He gave up only two singles and fanned seven in a seven-inning stint as Cleveland whipped the New York Giants 4-1. Willie Mays accounted for the Giants' lone run by hitting a home run off Don Mossi in the eighth inning.

Pete Burnside was the victim of the Indians' four-run first inning. He gave up five walks a two-run single by George Strickland.

Another fine pitching job was turned in by Don Drysdale of Brooklyn. He went nine innings as the Dodgers blanked the Braves 5-0. He permitted on four safeties and only one Brave got as far as second base. Randy Jackson walloped a two-run home run for the winners.

The New York Yankees trounced Savannah of the Sally League 8-4.

Gus Triandos collected four hits as the Baltimore Orioles defeated the Chicago Cubs 7-3.

Sherman Lollar blasted a three-run homer that carried the Chicago White Sox to a 9-7 triumph over the St. Louis Cardinals. Ron Northey and Larry Doby also connected for the Sox.

Rip Coleman and Jack Urban, both acquired from the Yanks since the close of last season, combined to pitch Kansas City to a 4-2 triumph over Little Rock of the Southern Assn.

In other games, Ted Williams and Dick Gernert each hit for the circuit to lead the Boston Red Sox to a 6-3 victory over the Philadelphia Phillies; rookie Johnny Powers slammed a 10th-inning homer to give the Pittsburgh Pirates a 3-2 nod over the Detroit Tigers; and Don Hoak had three hits and two stolen bases as the Cincinnati Redlegs downed the Washington Senators 6-2.

Ford, Snead Head Greensboro Field

GREENSBORO, N. C. (AP)—Doug Ford and Sam Snead, winner and runnerup, respectively, in the Masters tournament at Augusta, Ga., four days ago, headed a field of about 130 today in the first of four rounds in the $15,000 Greensboro Open golf tournament.

They've been "masters" here, too, over the years.

Between them they have accounted for the last three Greensboro titles and Snead has won the tournament six times.

Seixas Gaining

SAN JUAN, Puerto Rico (AP)—Vic Seixas, Philadelphia, moved through the second round of an international tennis tournament, Wednesday, defeating Barry MacKay, Dayton, Ohio, 6-2, 6-2.

Ohioan Sparkles As Featherweight

MIAMI, Fla. (AP) — Davey Moore, 23, a minister's son from Springfield, Ohio, earned himself a spot among the featherweight boxing title contenders Wednesday night when he pounded his way to an easy decision over Gil Cadilli.

It was Moore's first big chance as a pro fighter and he grabbed at it eagerly. He was on top of Cadilli, the seventh-rated contender from San Francisco, at the opening bell and never lost command of the fight.

Performing for the first time before a television audience, Moore won lopsided votes from all three officials. Judge Jerry Sherrard and referee Petey Sarron each gave him a 98-93 vote. Judge Sam Margolis scored it 99-93.

Ellwood Signed As Dover Coach

DOVER (AP) — Frank Ellwood, quarterback and co-captain of the Ohio State football team last season, will return to Dover High School, his alma mater, as a coach next fall.

Ellwood, who will be graduated from OSU Aug. 30, will be assistant football, basketball and track coach, effective Aug. 20.

High Water Curbs Fishing Prospects

COLUMBUS (AP)—The Ohio Division of Wildlife, in its weekly report descirbes fishing conditions for next weekend as "rather poor."

Virtually all streams throughout the state are high and muddy, the division said. While some of the inland lakes are in fair condition, heavy rains and snow during the last week will raise them considerably. As a result, fishing will be rather poor.

Ashville Posts 7-3 Win Over Hamilton Twp.

Ashville won its opening game of the season yesterday, beating Hamilton Township, 7 to 3, on the Ashville diamond.

Walt Myers led Bronco hitters with three-for-three, including a double. Teammate Bill Neal collected two bingles.

Dick Hoover, a junior, pitched the full game, allowing only five hits and fanning seven.

The Broncos go after their second victory today when they meet the Tigers of Walnut Township.

Line scores are as follows:

Hamilton	1	0	0	2	0	0	0
Ashville	1	1	1	2	0	2	x

Juliano, Mallon, Tucker and Essig; Hoover and Bartholomew and Rathburn.

Ted Williams Lists Stars Of Baseball; Omits Himself

NEW YORK (AP)— When Ted Williams talks baseball he shows he is a fine analyst and a great judge of talent.

The veteran slugger, after a two-week tour of the West Coast with the Red Sox, was talking about some of the players he had seen.

"I didn't see any new pitchers in California or Arizona who impressed me," Williams said, "although Cleveland did seem to have a couple of good ones. But what that club needs are hitters, not pitchers. They're rich in those fellows. They've got the best one in the league in Herb Score.

"I used to think Hal Newhouser was the best lefthander I'd ever faced. But I think Score is going to be better. He's got more stuff than Hal ever had.

Who did he regard as the top five pitchers in the league?

"Start with Score," he said. "Then comes Billy Pierce, Bob Lemon, Whitey Ford and Frank Lary, in that order. I've been pretty lucky with Score but he's still great. Ford's been real rough on me. So has Pierce. Early Wynn is another good pitcher. So are Billy Hoeft, Chuck Stobbs, Johnny Kucks. They're all good.

"Bob Turley should be better than he is. His fast ball is really alive. What's the matter with Don Larsen. He's got everything it takes to be a great pitcher. But I see where he's been having a rough time of it this spring. Is he behaving himself? I'd like to talk to that fellow. He's a real nice guy, you know, but he just dosen't seem to care, it's too bad. I really think I could help him."

What about the five best hitters?

"I'll name you three who stand heads and shoulders above the rest," Ted said. "Mickey Mantle, Al Kaline and Harvey Kuenn. One of those three is a sure thing to win the batting title. Nobody else will be close. After them I'd have to say Bill Skowron and Harry Simpson. Maybe Vic Power.

"Al Smith's a good hitter. So's Charlie Maxwell. Berra? Yogi's one of the most dangerous hitters in the league but he's no average hitter. I'll still bet the 1957 batting champ will be either Mantle, Kaline or Kuenn."

There are some who wouldn't mind wagering a sou or two on Theodore Samuel Williams.

Worst Retains 3-Cushion Title

CHICAGO (AP) — Harold Worst, 28-year-old champion from Grand Rapids, Mich., easily retained his three-cushion billiards crown in a challenge match with Joe Chamaco, Mexico City.

In his first defense since he won the title in 1954 at Buenos Aires, Worst took 14 out of 20 blocks from Chamaco in a 1,200-point series that closed last night.

Worst piled up 1,200 points to 1,021 by Chamaco, who won the final two blocks, in 1,130 innings. The champion average 1.06 billiards per inning.

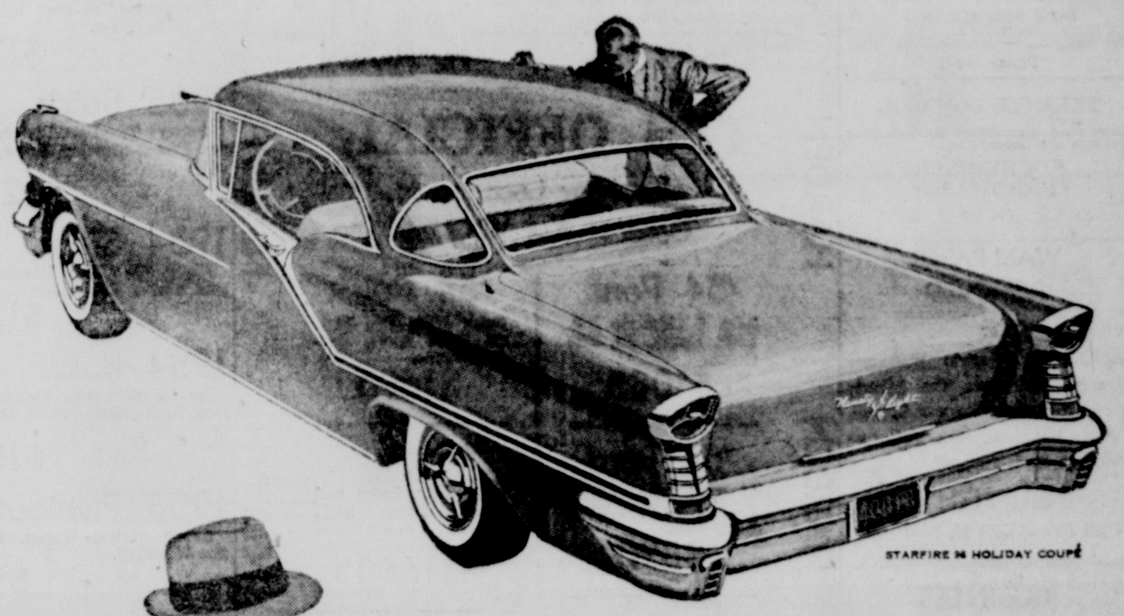
OLDSMOBILE
GEARED TO MIDWESTERN LIVING



"It has a look that really grows on you!"

SHE: You know, honey, the more I look at the new Olds, the better I like its looks.

HE: You bet, it's a beauty . . . and really put together. They sure build 'em right at Oldsmobile.

SHE: Just imagine it out in front of our place! It's so distinguished . . . and look at the upholstery. It's simply beautiful!

HE: Yes! And all the new Olds have that big Rocket Engine this year. You know, the boss let me drive his the other day, and boy-oh-boy what a ride! It really steps.

SHE: Bill . . . think we can afford one?

HE: I don't see why not. From all I hear, Oldsmobile prices start down where *anybody* who's going to buy a new car can afford one.

SHE: Well, we've always wanted an Olds . . . what in the world are we waiting for!

Women's Bowling Tourney Ready

DAYTON (AP)—Action in the Women's International Bowling Congress Tournament opens here tonight with 15,490 bowlers shooting for $109,584 in prizes.

A total of 3,098 teams, almost half of them from Ohio, are entered in the tournament, which runs through May 27.

The event is slated at the McCook Bowl, a 44 - lane establishment and the largest ever to house the tournament. Automatic pinsetters will be used.

Host Dayton has 788 teams entered while Detroit has 126, Cincinnati 98, Toledo 78, Columbus 60 and Chicago 56.

Would-Be Medic Shines As Boxer

BOSTON (AP) — A 16-year-old New York high school junior who hopes to become a doctor reigned today as the outstanding performer in the 1957 National AAU boxing championships.

Vince Shomo, who has been fighting since the age of six, captured the top individual award of the 69th annual tournament Wednesday night after stopping Joel Patrich of Indianapolis for the 139-pound title.

Vince is too young to turn pro right now, but he appears to have all the qualifications — punch, boxing ability and speed.

Pro Netters Due

CLEVELAND (AP)—Dick Gonzales will face Tony Trabert and Ken Rosewall will oppose Francisco Segura in the semifinal round of a professional tennis tournament at Cleveland Arena here tonight.

18—Sports — 6—Women's

Women's Bowling Tourney Ready

DAYTON (AP)—Action in the Women's International Bowling Congress Tournament opens here tonight with 15,490 bowlers shooting for $109,584 in prizes.

A total of 3,098 teams, almost half of them from Ohio, are entered in the tournament, which runs through May 27.

The event is slated at the McCook Bowl, a 44 - lane establishment and the largest ever to house the tournament. Automatic pinsetters will be used.

Host Dayton has 788 teams entered while Detroit has 126, Cincinnati 98, Toledo 78, Columbus 60 and Chicago 56.

Would-Be Medic Shines As Boxer

BOSTON (AP) — A 16-year-old New York high school junior who hopes to become a doctor reigned today as the outstanding performer in the 1957 National AAU boxing championships.

Vince Shomo, who has been fighting since the age of six, captured the top individual award of the 69th annual tournament Wednesday night after stopping Joel Patrich of Indianapolis for the 139-pound title.

Vince is too young to turn pro right now, but he appears to have all the qualifications — punch, boxing ability and speed.

Pro Netters Due

CLEVELAND (AP)—Dick Gonzales will face Tony Trabert and Ken Rosewall will oppose Francisco Segura in the semifinal round of a professional tennis tournament at Cleveland Arena here tonight.

House Passes State Budget; County Fair Tracks Get Aid

By ART PARKS

COLUMBUS, Ohio (AP) — House passage of the big two-year budget bill stole the legislative show Wednesday, but commercial race track operators sat around glumly today counting on their fingers "what might have been."

No question about it, passage by the Republican-controlled House of the record $1,152,000,000 operating budget for the 1957-58 biennium was the key action in Wednesday's legislative session. The fact that the Democrats, futilely as usual, tried to change the big money bill should be noted in passing.

But the surprisingly successful amendment to cut commercial track operators out of an estimated $600,000 a year in extra profit was the thing that had many lawmakers giggling in the corridors.

The track operators lost their chickens before they were hatched on a bill which had the emotional backing of the rural-dominated House.

The bill sets up a special fund to give every county fair which sponsors harness racing a subsidy of $5,500 a year.

Money for the fund will come from an increase in the track operator's "take out" from the funds wagered by the gambling public.

The "take out" at running horse tracks now is 13½ per cent. The bill before the House Wednesday would have increased the "take out" from 13½ to 15 per cent. About one-half of one per cent will go toward county fair subsidies, the rest would have gone into the pockets of track operators.

The unexpected House amendment lowered the "take out" increase from 13½ to 14 per cent. That took care of the county fairs but the commercial track operators were out in the cold, limited to their present "take out."

Under the proposed 15 per cent take out, Ohio running horse tracks would have benefitted to these amounts: Ascot $71,071, Beulah $57,112, Cranwood $71,353, Hamilton $32,611; Randall $104,737, River Downs $70,988, Thistledown $92,190 and Toledo $26,657.

The Republican-controlled House approved the big money bill for state operations by a vote of 126-7.

Minority Democrats tried persistently, but futilely, to change the bill before it passed. They said the budget was out of balance, but House Finance Committee Chairman J. Frank McClure (R-Ashland) said that was not true. The bill, as passed by the House, is slightly more than 2¼ million above the budget recommended by GOP Gov. C. William O'Neill.

In answer to the observation of House Minority Leader James J. McGettrick that the budget increase "leaves us somewhat apprehensive that the state will end up operating in the red," McClure replied:

"The committee assumes that the effects of personnel turnover, the fiscal controls of this administration and the normal time lags in effecting new programs will create savings in the over-all budget many times greater than this amount."

In other actions, the Senate passed and sent to the House bills to:

Authorize for exhibit in the Statehouse a painting honoring the Wright brothers, inventors of the airplane.

Close loopholes in the collection of the state use tax on merchandise bought from out-of-state firms and shipped to Ohio purchasers.

The House also passed and sent to the Senate a bill outlawing the use of defective gas heaters and prohibiting the use of gas - fired equipment which is so constructed that fumes cannot be vented.

These bills were up for floor votes today:

A House vote on a Senate-approved bill in which Gov. O'Neill reverses his field and asks for slashes in the salaries of his Cabinet officers. The cuts will be from the levels O'Neill insisted upon before he took office less than three months ago. The Senate approved the bill in an extraordinary session last Friday.

A bill by Sen. Robert R. Shaw (R-Franklin) to ban slow drivers from limited-access highways.

A bill by Sen. David Morgan (R-Franklin) to provide for night-time illumination of the state Capitol building.

Sen. Fred Danner (R-Summit), chairman of the Senate Commerce and Labor Committee, held a meeting of his committee Wednesday afternoon five hours ahead of schedule. At the meeting, the committee had its first hearing on a controversial bill to provide a compulsory fair employment practices system for Ohio.

The bill's sponsor, Sen. Charles J. Carney (D - Mahoning), told newsmen he was advised as early as last Thursday that the hearing would be Wednesday afternoon, and had his favorable witnesses on hand.

Former State Sen. Howard Metzenbaum, representing the Ohio CIO Council, declared:

"Fair employment legislation should be applicable similarly to labor unions as well as to employers and employment agencies. We think this bill would eliminate discrimination in Ohio eventually so far as employment is concerned."

Other witnesses were limited to one-half hour.

TV Matinee Theater Liked

5 Afternoons A Week Taken By Big Show

By CHARLES MERCER

NEW YORK (AP)—Ask many a housewife about Matinee Theater and she'll tell you that it has the capacity to entertain for an hour five afternoons a week on NBC-TV.

Matinée Theater is surprising on two scores. Productionwise this Hollywood-created live color program rolls on without interruption. Entertainmentwise, it is slick but it generally has resisted the daytime impulse of television to go to soap opera.

"We have a conspiracy to please the public," its executive producer, Albert McCleery, said the other day when he came to town from Hollywood. "By pleasing the public we please our sponsors, NBC—and ourselves."

Matinee Theater could not be produced in New York because of lack of studio space. If it were, it probably would receive more public mention than it does, McCleery believes. But even if it could be produced in New York, he would prefer that it come from Hollywood.

"If it came from New York it would be a shoddier show productionwise," he said. "In Hollywood we have the riches of the earth. The best in properties and costumes have been accumulated there. Once, in a production, I asked for a crown, and they handed me a crown a king had worn. Once, when we were doing the life of Elizabeth Barrett Browning, we used a dress she actually had worn."

Sir Reginald Mum For Good Reason

KANSAS CITY, Kan. (AP) — Sir Reginald had a hangdog look. He was strangely quiet and wouldn't eat or drink.

Mr. and Mrs. Norman Humphreys started with the 10-year-old cocker spaniel to a veterinarian's office. On the way Mrs. Humphrey rubbed the dog's head and patted his jaw.

"I have diagnosed the case," she suddenly told her husband.

She removed a rubber band which had slipped around Sir Reginald's jaw and held it fast. Sir Reginald recovered quickly.

Ohio Teamsters Schedule Parley

CLEVELAND (AP) — A special meeting of the Ohio Conference of Teamsters has been called for April 24 by President William Presser of Cleveland.

Presser said the question of a special audit of union funds, requested by Local 100 of Cincinnati, will be discussed if the question is raised at the meeting.

The Cincinnati local, composed of 8,000 drivers, demands to have an auditor of its own choosing go over the records of the union's health and welfare fund.

Shipping Firm Boosts Holdings

CLEVELAND (AP)—Wilson Marine Transit Co. moved from seventh to fourth largest Great Lakes fleet operator as a result of the sale this week of 20 freighters for an estimated $21 million.

In a transaction involving more than $17 million and 16 vessels, Great Lakes Steamship Co. sold its entire fleet.

Great Lakes sold its three largest vessels to Northwestern Mutual Insurance Co. of Milwaukee. The other 13 vessels of the Great Lakes Steamship fleet were purchased by Wilson Marine Transit.

Little Known Data On Safety Detailed

COLUMBUS (AP)—Did you know that:

Accidents cost this nation over $10 billion a year?

It is safer to work in a steel mill than a dairy?

Ozone, a form of oxygen which was once thought to cure headaches and a number of other ills, is a highly toxic gas and one of the chief irritants in smog?

These and many other little known facts about safety are being presented to more than 3,000 delegates attending the 27th All-Ohio Safety Congress here.

O'Neill To Check Toledo Expressway

COLUMBUS (AP)—Gov. C. William O'Neill and State Highway Chief Charles M. Noble will visit Toledo this week.

State Sen. Raymond E. Hildebrand said O'Neill and Noble will tour the Toledo Expressway site, attempt to re-evaluate Toledo's road needs for the current 30-month period, and inspect the wreckage of the Fassett Street Bridge, hit by a wind-blown freighter Friday.

14 Men Now Held In Tractor Thefts

CLEVELAND (AP)—Assistant District Attorney George W. Morrison reports seven more men have been charged with participating in a theft ring which broke up truck tractor units and sold the parts in Canton.

That brought the total to 14 men, most of them Ohioans, and Morrison said the whole ring has been identified. During the last two years they have stolen and disposed of 28 tractor units, some of which were from New York, Pennsylvania, Indiana and Illinois.

The Republican-controlled House approved the big money bill for state operations by a vote of 126-7.

Minority Democrats tried persistently, but futilely, to change the bill before it passed. They said the budget was out of balance, but House Finance Committee Chairman J. Frank McClure (R-Ashland) said that was not true. The bill, as passed by the House, is slightly more than 2¼ million above the budget recommended by GOP Gov. C. William O'Neill.

In answer to the observation of House Minority Leader James J. McGettrick that the budget increase "leaves us somewhat apprehensive that the state will end up operating in the red," McClure replied:

"The committee assumes that the effects of personnel turnover, the fiscal controls of this administration and the normal time lags in effecting new programs will create savings in the over-all budget many times greater than this amount."

In other actions, the Senate passed and sent to the House bills to:

Authorize for exhibit in the Statehouse a painting honoring the Wright brothers, inventors of the airplane.

Close loopholes in the collection of the state use tax on merchandise bought from out-of-state firms and shipped to Ohio purchasers.

The House also passed and sent to the Senate a bill outlawing the use of defective gas heaters and prohibiting the use of gas - fired equipment which is so constructed that fumes cannot be vented.

These bills were up for floor votes today:

A House vote on a Senate-approved bill in which Gov. O'Neill reverses his field and asks for slashes in the salaries of his Cabinet officers. The cuts will be from the levels O'Neill insisted upon before he took office less than three months ago. The Senate approved the bill in an extraordinary session last Friday.

A bill by Sen. Robert R. Shaw (R-Franklin) to ban slow drivers from limited-access highways.

A bill by Sen. David Morgan (R-Franklin) to provide for nighttime illumination of the state Capitol building.

Sen. Fred Danner (R-Summit), chairman of the Senate Commerce and Labor Committee, held a meeting of his committee Wednesday afternoon five hours ahead of schedule. At the meeting, the committee had its first hearing on a controversial bill to provide a compulsory fair employment practices system for Ohio.

The bill's sponsor, Sen. Charles J. Carney (D - Mahoning), told newsmen he was advised as early as last Thursday that the hearing would be Wednesday afternoon, and had his favorable witnesses on hand.

Former State Sen. Howard Metzenbaum, representing the Ohio CIO Council, declared:

"Fair employment legislation should be applicable similarly to labor unions as well as to employers and employment agencies. We think this bill would eliminate discrimination in Ohio eventually so far as employment is concerned."

Other witnesses were limited to one-half hour.

TV Matinee Theater Liked

5 Afternoons A Week Taken By Big Show

By CHARLES MERCER

NEW YORK (AP)—Ask many a housewife about Matinee Theater and she'll tell you that it has the capacity to entertain for an hour five afternoons a week on NBC-TV.

Matinee Theater is surprising on two scores. Productionwise this Hollywood-created live color program rolls on without interruption. Entertainmentwise, it is slick but it generally has resisted the daytime impulse of television to go to soap opera.

"We have a conspiracy to please the public," its executive producer, Albert McCleery, said the other day when he came to town from Hollywood. "By pleasing the public we please our sponsors, NBC—and ourselves."

Matinee Theater could not be produced in New York because of lack of studio space. If it were, it probably would receive more public mention than it does, McCleery believes. But even if it could be produced in New York, he would prefer that it come from Hollywood.

"If it came from New York it would be a shoddier show productionwise," he said. "In Hollywood we have the riches of the earth. The best in properties and costumes have been accumulated there. Once, in a production, I asked for a crown, and they handed me a crown a king had worn. Once, when we were doing the life of Elizabeth Barrett Browning, we used a dress she actually had worn."

Shipping Firm Boosts Holdings

CLEVELAND (AP)—Wilson Marine Transit Co. moved from seventh to fourth largest Great Lakes fleet operator as a result of the sale this week of 20 freighters for an estimated $21 million.

In a transaction involving more than $17 million and 16 vessels, Great Lakes Steamship Co. sold its entire fleet.

Great Lakes sold its three largest vessels to Northwestern Mutual Insurance Co. of Milwaukee. The other 13 vessels of the Great Lakes Steamship fleet were purchased by Wilson Marine Transit.

Little Known Data On Safety Detailed

COLUMBUS (AP)—Did you know that:

Accidents cost this nation over $10 billion a year?

It is safer to work in a steel mill than a dairy?

Ozone, a form of oxygen which was once thought to cure headaches and a number of other ills, is a highly toxic gas and one of the chief irritants in smog?

These and many other little known facts about safety are being presented to more than 3,000 delegates attending the 27th All-Ohio Safety Congress here.

O'Neill To Check Toledo Expressway

COLUMBUS (AP)—Gov. C. William O'Neill and State Highway Chief Charles M. Noble will visit Toledo this week.

State Sen. Raymond E. Hildebrand said O'Neill and Noble will tour the Toledo Expressway site, attempt to re-evaluate Toledo's road needs for the current 30-month period, and inspect the wreckage of the Fassett Street Bridge, hit by a wind-blown freighter Friday.

14 Men Now Held In Tractor Thefts

CLEVELAND (AP)—Assistant District Attorney George W. Morrison reports seven more men have been charged with participating in a theft ring which broke up truck tractor units and sold the parts in Canton.

That brought the total to 14 men, most of them Ohioans, and Morrison said the whole ring has been identified. During the last two years they have stolen and disposed of 28 tractor units, some of which were from New York, Pennsylvania, Indiana and Illinois.

Sir Reginald Mum For Good Reason

KANSAS CITY, Kan. (AP) — Sir Reginald had a hangdog look. He was strangely quiet and wouldn't eat or drink.

Mr. and Mrs. Norman Humphreys started with the 10-year-old cocker spaniel to a veterinarian's office. On the way Mrs. Humphrey rubbed the dog's head and patted his jaw.

"I have diagnosed the case," she suddenly told her husband.

She removed a rubber band which had slipped around Sir Reginald's jaw and held it fast. Sir Reginald recovered quickly.

Ohio Teamsters Schedule Parley

CLEVELAND (AP) — A special meeting of the Ohio Conference of Teamsters has been called for April 24 by President William Presser of Cleveland.

Presser said the question of a special audit of union funds, requested by Local 100 of Cincinnati, will be discussed if the question is raised at the meeting.

The Cincinnati local, composed of 8,000 drivers, demands to have an auditor of its own choosing go over the records of the union's health and welfare fund.
